There is much to be learned from the fact that the most common form of the word "the" in the Bible is "the" and not "a" or "an". This is a very important point, for it shows that the word "the" is used to denote a specific, definite, and unique entity, rather than a general, indefinite, or common one. This is why the word "the" is used so frequently in the Bible, and why it is so important to understand its meaning and usage.
