[The Capitalist Personality](#) Christopher S. Swader, 2013-01-04 Modern capitalism favors values that undermine our face to face bonds with friends and family members Focusing on the post communist world and comparing it to more developed societies this book reveals the mixed effects of capitalist culture on interpersonal relationships While most observers blame the egoism and asocial behavior found in new free market societies on their communist pasts this work shows how relationships are also threatened by the profit orientations and personal ambition unleashed by economic development Successful people in societies as diverse as China Russia and Eastern Germany adjust to the market economy at a social cost relaxing their morals in order to obtain success and succumbing to increased material temptations to exploit relationships for their own financial and professional gain The capitalist personality is internally troubled as a result of this sellout but these qualms subside as it devalues intimate qualitative bonds with others This book also shows that post communists are similarly individualized as people living in Western societies Capitalism may indeed favor values of independence creativity and self expressiveness but it also rewards

self centeredness consumerism and the stripping down of morality As is the case in the West capitalist culture fosters an internally conflicted and self centered personality in post communist societies **National Library of Medicine Current Catalog** National Library of Medicine (U.S.),1985 **Personality Theories Workbook** Donna Musialowski Ashcraft,2003 This unique workbook was written for the undergraduate Personality course where professors are looking for activities to help students learn and apply personality theories to real life examples The workbook is geared toward personality courses that are theories based as opposed to research based Because the cases explored are those based on normal behavior as opposed to abnormal behavior this workbook is especially useful While most personality texts present the major concepts of personality theories they don t help students apply the theories they have learned or to use the theories to understand other examples on their own This workbook will help students do just that and is the perfect complement to any Personality text

Mimetic Criticism and the Gospel of Mark Joel L. Watts,2013-02-01 What if the story of Jesus was meant not just to be told but retold molded and shaped into something new something present by the Evangelist to face each new crisis The Evangelists were not recording a historical report but writing to effect a change in their community Mark was faced with the imminent destruction of his tiny community a community leaderless without Paul and Peter and who witnessed the destruction of the Temple now another messianic figure was claiming the worship rightly due to Jesus The author of the Gospel of Mark takes his stylus in hand and begins to rewrite the story of Jesus to unwrite the present rewrite the past to change the future Joel L Watts moves the Gospel of Mark to just after the destruction of the Temple sets it within Roman educational models and begins to read the ancient work afresh Watts builds upon the historical criticisms of the past but brings out a new way of reading the ancient stories of Jesus and attempts to establish the literary sources of the Evangelist
