

Third Grade Remote Learning Choice Board #2

Please complete one assignment for each color. Please bring evidence of your work to school when we return! For extra practice do I Ready Math or Prodigy and I Ready Reading or Amplify Reading. Have fun and be safe!

Read for 20 minutes. If your book was fiction, write about what happened in the beginning, middle, and end. If your book was nonfiction, write about the main idea and three supporting details from your book.

Design a poster that teaches how to multiply or to divide. Think about what we have been doing in class. Show examples on the poster.

Make a list of the solids, liquids and gases you can find around your house. Which form of matter was easiest to find? Which was the hardest?

Practice your spelling words for this week. Rainbow write, use a pen, or type your words 3 times each:

crow, flow, blow, throw, elbow, arrow, snowman, rainbow, sideshow, crossbow

Look for examples of quadrilaterals inside your house (4 sided shapes). Make a list of at least 5, draw or take a picture of the quadrilateral, and identify what type of quadrilateral it is.

Write a letter that you could give to a friend or family member that tells why you love having them in your life! Be sure to use capitals when needed and correct punctuation!

Optional: Learn to draw a Valentine's Monster!
https://www.youtube.com/watch?v=6P_VwttWyQo

Create a list of VALENTINES/LOVE WORDS from A-Z. (For example, A=amazing, B=beautiful) Skip any tricky letters (x, z)

Practice your multiplication facts (use flash cards, or just write them) for 15 minutes.

Create a map! Create a map of your house, your backyard or the school. Make sure you include a map key to label any symbols you use.

Embracing Alternatives to Homework in Early Childhood Angela Eckhoff, 2022-07-08 Providing readers with a robust practical understanding of how young children build knowledge this book offers a critical examination of the ways traditional homework fails young children and how alternatives can better build collaborative engagement with families while supporting learning across all content areas Grounded in culturally sustaining practices the first section breaks down the pedagogies that support deep learning while later chapters emphasize the role of critical and creative thinking project based learning and student choice in the development of engaging personally relevant home learning experiences Embracing

Alternatives to Homework in Early Childhood is a critical text for anyone seeking to reimagine homework practices as both equitable and agency building in PreK 3 **The American School Board Journal** ,1917 The Artificial Intelligence Playbook Meghan Hargrave,Douglas Fisher,Nancy Frey,2024-02-29 Time Saving AI Tools that Make Learning More Engaging Busy educators need tools that support their planning and provide them with more time with students While Artificial Intelligence AI has emerged as a promising solution it can only help if we re willing to learn how to use it in ways that improve upon what we already do well The Artificial Intelligence Playbook Time Saving Tools that Make Learning More Engaging is here to empower teachers to explore AI s potential and discover practical ways to implement it to enhance their planning and instruction Two chapters and 6 Educator Functions guide teachers step by step through how to purposely use AI to Compose Writing Prompts and Avoid Plagiarism Manage Content Foster Student Engagement Meet Students Instructional Needs Assess Student Learning Continue Lifelong Learning Though AI has the potential to reduce workload for educators it will never replace teachers Your connection with students is irreplaceable and greatly impacts their learning Consider AI a valuable tool that provides you with more time to build and sustain those vital relationships with students and that can assist them in learning at the very same time *Elementary Online Learning* Lana Peterson,Holly Skadsem,2022-08-12 Elementary Online Learning offers school and district level leaders and administrators a field tested approach to developing formal and interdisciplinary online education in house and from scratch for grades K 5 While it is possible today to purchase off the shelf online platforms from for profit companies many elementary schools have the option of creating their own programs curricula and instructional strategies that are deliberately tailored to the strengths and needs of their own communities This book provides practical and effective approaches to cohesive data driven program design synchronous and asynchronous teaching professional development family partnerships and much more Each chapter is full of research based ideas recommendations and prompts that will help schools yield online education that is interdisciplinary socially just and student driven Getting to the Common Core Sharon L. Spencer,Sandra Vavra,2015-01-01 The Common Core Standards have recently been adopted in most states across the nation and teachers are in the process of getting to the core of these standards Teaching to standards is not a new concept teachers have adapted to new standards every few years for quite some time And teachers are adaptable as can be seen in this book We are writing this book to demonstrate how teachers use research based strategies to meet Common Core Standards while still focusing on students Our goal is to help teachers visualize students in action as other teachers describe the implementation of research based strategies in their own classrooms show student work samples and provide reflections of student success in achieving the standards Many Common Core Standards books focus on the standards but our approach focuses on strategies that engage the students in the classroom showing how different teachers at varying grade levels have used the strategies to meet the standards With this focus we believe that teachers gain a new and positive perspective on approaching the new standards and see the flexibility

of strategies for meeting standards across subject areas We have examined research on the strategies with the purpose of giving teachers a brief description of why these strategies work before giving actual examples from classrooms We also work closely with teachers in the public schools and have our finger on the pulse of what is happening in the public schools one of the current stressors being unpacking the Common Core Standards This book actually focuses on practice We begin by laying out a rationale in our first chapter The Core Value s of Education Then each chapter focuses on a strategy including 1 a brief description about the research supporting each strategy and 2 several examples from different grade levels which include a description of how the strategy was used student work samples and a reflection on the use of the strategy The research descriptions are fairly short because while we believe professional educators aka teachers in this case should know the research that supports practice we know they are not typically interested in long diatribes about the research

Using Literacy Strategies to Enhance Social Studies Education in Elementary Classrooms Kristy A. Brugar, Kathryn L. Roberts, 2025-04-09 Elementary teachers often with their students for most or all of the day have the opportunity to creatively integrate instruction across classes In this text we explore meaningful pedagogical cross over that goes beyond the surface level to build strong foundations and deep connections for teaching and learning in interdisciplinary ways

The School Library Manager Blanche Woolls, Joyce Kasman Valenza, April M. Dawkins, 2023-06-15 The seventh edition of this comprehensive school library management text expands upon the role of the school librarian especially in the ever growing digital realm and highlights the importance of school librarian leadership and outreach In an era of budget cuts reduced staffing and a global pandemic it s more important than ever for new LIS professionals and established school librarians and administrators to demonstrate the value of school libraries to decision makers This revised and updated edition of a classic text adds two well known authors to help lead readers through the many essential management tasks and skills required to administer the successful school library program It emphasizes the importance of the school librarian in providing digital access to information for teachers and students describes how facilities are being modified to accommodate new resources and programming and offers new ways to use AASL standards to evaluate programs All chapters are updated and the text addresses such timely subjects as providing information resources when students teachers and librarians are interacting online A new chapter highlights the importance of the school librarian s leadership in schools districts and communities This invaluable textbook teaches practical skills for school library management and offers inspiration and guidance for growing LIS careers

Instructional Survival in the Midst of the Perfect Storm Jill D. Salisbury-Glennon, Chih-hsuan Wang, David M. Shannon, 2025-09-24 There remains limited knowledge about the cognitive motivational and psychological impact of the COVID 19 global pandemic on K 12 teachers in both private and public educational sectors around the world This book seeks to explore the impact of this global pandemic on educational stakeholders including K 12 teachers and administrators
