

A photograph featuring a dynamic water splash on a vibrant red background. The splash is captured mid-air, with several droplets frozen in time, creating a crown-like shape. To the left of the splash, a piece of aged, yellowish parchment is positioned diagonally. It contains text in a classic serif font. The overall composition suggests a theme of fleeting moments or a list of significant events.

Trysts From The List To Be Or Not To Be:

Let Them Fly : My Tryst With Kids Nisha Peshin, 2022-04-20 Raising a child is a tough job. The job has two major components: parenting and teaching. It is an onerous task, and the two communities in the forefront of it are the parents and teachers. The efforts of the two groups run complementary to each other as both are well-wishers of children and share a common objective. There is therefore a need for a strong partnership between the two communities. They have to share each other's stories and concerns about the child. *Let Them Fly* has 25 stories, each based on true life experiences about raising a child and attending to its psychological and academic needs in the contemporary social and scholastic milieu. The book contains no abstract theories but actual case studies. This makes it a unique presentation. The stories are drawn from a diverse set of geographies and social strata. The experiences shared in this book are from sleepy rural centres as also from boisterous metros. Yet, typical of a parent or teacher from any background, their concerns could be the same. The stories are written in simple and easy language. The book does not nit-pick either the teachers or parents but brings out the sensitivity on issues about growing up. Each story ends with a conclusion suggesting a more appropriate alternate course.

Tomorrow's India, Another Tryst with Destiny B. G. Verghese, 2006 Almost sixty years ago Nehru spoke of India's tryst with destiny at the dawn of independence. In the constitution of the new republic that was framed a few years later, the goals and values of that vision were unfolded. How far have we progressed since then, and what is it that destiny now holds for tomorrow's India? The present volume of essays surveys the scene, past, forward, and paints a picture of what has been accomplished and what remains to be done. There is pride and satisfaction in particular over India's vibrant democracy and progress in many directions. This is nonetheless tinged with concern for there are nagging problems of governance and shortfalls in human and infrastructure development as well as social deficits in the matter of rights, corruption, and sectoral and regional imbalances. All these must be squarely faced and speedily overcome if the nation is to grow in keeping with its increasingly recognized potential. As a rising great power, it has been widely forecast that within thirty years India, together with the United States and China, will constitute the three largest economies in the world. The wellsprings of growth are there. However, as more than one author points out, mere economic and technological growth is not enough. In this globalizing world, the market is not all. The citizen must march hand in hand with the consumer in a sharing and caring society. The twenty-four essayists who write of tomorrow's India do so in celebration of the 125th anniversary of their alma mater, Delhi's St. Stephen's College. Their themes relate to diplomacy and security, the economy and technology, governance, society's watchdogs, ideology and values, social change and culture, and heritage. The authors represent a galaxy of public figures, academics, professionals, and social workers. What they have to say makes compelling reading with penetrating insights and critiques. Contributors include George Abraham, Mani Shankar Aiyar, Rukmini Banerji, Ranjit Bhatia, Ravi Dayal, Gopalkrishna Gandhi, Sagarika Ghose, Navina

RSS'S Tryst with Politics Pralay Kanungo,2024-01-01 This RSS is perhaps the most controversial organization in contemporary India This book explores the mission method and motive of the RSS and suggests that the ideological core of the RSS Hindu Rashtra is political and not cultural It argues that K B Hedgewar the founder of the RSS had a clear political mission while M S Golwalkar his successor despite his saintly appearance and overt distaste for politics sharpened and amplified its ideology Nevertheless deep down the RSS remained political This book goes on to delineate how Balasaheb Deoras the third chief who did not have much of a fancy for culture plunged into Indian politics on the organizational and ideological foundation created by his predecessors Deoras seriously pursued the homogenizing agenda of the RSS to integrate different sections like the Dalits tribals and women into the fold of the Hindu Rashtra Rajendra Singh the successor of Deoras consolidated the political mission by getting control over the State and reaching out to civil society more effectively K S Sudarshan the present chief while attempting to retain a tight control over State power simultaneously
