The New American Imperialism Vassilis Fouskas, Bülent Gökay, 2005-10-30 With the terrorist attacks of September 11 2001 the United States long war on communism was replaced by a perpetual war on terror The authors posit that this neo imperialistic phase is but the latest development in a line of thought and action established after World War II But they say 2005 is not 1945 Today they argue the United States uses its power to deplete the resources of the developing world and to compel the rest of the world to remain dependent on American management of the global economy Contending that this situation is ultimately untenable they assert that the United States is entering a period of deep crisis The best thing for American neo imperialists to do to avert their worst nightmare a strategic and economic alliance among

Europe Russia China and OPEC would be to arrange for the orderly withdrawal of American power before it is too late for the human and environmental security of the world When the Soviet Union collapsed in 1991 the Cold War slowly gave way to a new world order in which the United States was left as the lone superpower But the organizing principle that would characterize the early 21st century was as yet unclear until the terrorist attacks of September 11 2001 Now it is clear that the long war on Communism has been replaced by a perpetual war on terror Regardless of how long American troops remain in Iraq and irrespective of further military actions George W Bush will continue to be a wartime president whose foreign policy is dominated by the Pentagon And yet the authors argue this neo imperialistic phase with its emphasis on Eurasian oil supplies is but the latest development in a line of thinking and acting in the world that was established by such men as Dean Acheson and Paul Nitze after World War II But 2005 is not 1945 and the United States despite Secretary of Defense Donald Rumsfeld and Vice President Dick Cheney s assertions is not liberating Iraq and Afghanistan in the same way that U S forces liberated Germany and Japan it is not reconstructing Iraq or the former Yugoslavia as it did when it rebuilt war torn western Europe with the Marshall Plan The United States with its thinly stretched military and deficit laden economy does not possess the means to do so today Instead the authors maintain the United States is simply depleting the developing world s natural resources compelling the rest of the developed world to remain dependent on American management of the global economy This situation is ultimately untenable the authors argue and as a result the United States is entering a period of deep crisis The best thing for American neo imperialists to do to avert their worst nightmare a strategic and economic alliance among Europe Russia China and OPEC would be to arrange for the orderly withdrawal of American power before it is too late for the human and environmental security of the world as a whole **Vanity Fair** ,2004-07 *George Bush* Zachary Kent,1989 A biography emphasizing the political career of the forty first president National Journal ,1986-10

Inquiry ,1981 Trumpocalypse Paul McGuire,Troy Anderson,2018-01-02 From the authors of the international bestseller *The Babylon Code* comes an explosive expos of the chilling truth about the fierce opposition to the Trump presidency and why the globalist elite and Deep State will stop at nothing assassination military coup staged economic collapse or worse to overthrow him *Trumpocalypse* It s the media coined meme inciting panic and fear that America has elected an unstable man who will barge into delicate international affairs like a bull in a china shop and incite nations bent on America s destruction to trigger World War III an unprecedented nuclear apocalypse ending the world as we know it But is the media telling us the truth No say internationally recognized prophecy expert and Fox News and History Channel commentator Paul McGuire and Pulitzer Prize nominated investigative journalist Troy Anderson America s most insidious enemies are not hostile nations they are elite globalists the Establishment that is making the 1 percent even richer while working and middle class people watch their incomes and net worth s flatline or plummet The authors fearlessly expose the globalist elite s secret plan for humanity and campaign of mass deception Using documentation gleaned from years of

journalistic investigation and extensive interviews with over fifty of the world's most respected geopolitical economic and military affairs experts faith leaders and biblical scholars McGuire and Anderson unmask these elites as members of secret societies with deep occult connections who have gained control of America's dominant institutions government education entertainment international banking and even the media Trumpocalypse explores the enigmatic prophecies and biblical codes involving Trump and asks whether God raised up President Trump as a fearless leader to guide America and the free world through a series of major crises as the biblical end time narrative unfolds as many people with prophetic gifts are predicting and shows why everyday Americans and evangelicals have rallied around Trump as their last hope of saving America and averting the horrors of the Apocalypse It further reveals why Trump and millions of deplorables are fighting to stop the hidden agenda of the Establishment and how the perplexing chaos enveloping the planet could paradoxically signal the beginning of the great end times awakening that millions are praying for Here is an invitation to join the anti
