

Quick Start Guide

Charging your Callaway uPro®

- 1) Remove the battery cover on the uPro. While pressing the upper center portion of the battery cover firmly, slide the battery cover downward to remove.
- 2) Insert the Li-Ion rechargeable battery into the battery compartment. Angle the battery such that the bottom edge with the three contacts makes contact with the connector on the uPro first and then push the top side of the battery into place. The text on the battery should be facing up. **Handle your Li-Ion battery with care. See battery warning sheet for additional information.**
- 3) Replace the battery cover.
- 4) Insert the mini-USB connector of the included USB cable into the USB connector on the bottom of the uPro.
- 5) Connect the other end of the USB cable to the included wall adapter.
- 6) Plug the wall charger into an AC wall outlet. The uPro's red LED will be lit while charging. If the red LED is not lit, check your connections, and if the problem persists, please reference the full User Manual at www.callawaygolf.com/upropps. The red LED will begin to flash when charging is completed. Charging the battery completely takes approximately 3 hours.

Buttons

Powering On

Once you have charged your uPro, disconnect it from the USB cable and power it on by pressing **and holding** the Power/Menu button for at least three seconds (until the startup screen appears). The startup screen will show four open dots which will fill-in as the startup progresses, and then the Main Menu will be displayed.

Registering your Callaway uPro®

In order to use your uPro on the course, you will need to register your uPro and create a user account online at our website.

- 1) **Power on the Callaway uPro** – Press and hold the power button for 3 seconds to power on the uPro. Once the startup screen appears, the uPro is powered on.
- 2) **Connect to a computer** – Once the Main Menu is displayed on the uPro, connect the USB cable to the uPro. Insert the mini-USB connector (smaller connector on the cable)
