The Urban Politics of Policy Failure John Lauermann, Cristina Temenos, 2022-07-28 This book contributes to debates in geography and urban studies by analysing the spatial dimensions and politics of urban policy failure Attention is most often paid to successful urban policies Policymakers go to great lengths to emulate success by importing policy models implementing best practices or pursuing silver bullet solutions Yet stories of failure are at least as common as those of

success Some policies fail to launch in the first place Others struggle to deliver their goals Many collapse under the weight of poor administration insufficient funding or political opposition This book establishes a vocabulary and set of analytical approaches for researching the spatial dynamics and impacts of urban policy failure With a geographically diverse set of cases the authors explore topics including policy mobility urban policy experiments and governance initiatives ranging from sustainability to housing to public health across Europe North America and Asia The chapters in this book were originally published as a special issue of the journal *Urban Geography* **The Journal of the American Forensic Association** American Forensic Association,1974 *Cities on the Plains* James R. Shortridge,2004 Drawing on rich historical research filtered through cultural geography Shortridge looks at the 118 communities that ever achieved a population of 2 500 and unravels the many factors that influenced the growth of urban Kansas He tells how mercantilism dominated urban thinking in territorial days until after statehood when cities competed for the capital prisons universities and other institutions He also shows how geography and size were employed by entrepreneurs and government officials to prepare strategies for economic development And he describes how the railroads especially promoted the founding of cities in the nineteenth century and how this system has fared since 1950 in the face of globalization and the growth of interstate highways BOOK JACKET *Current Geographical Publications* University of Wisconsin--Milwaukee. Library,2003 Current Geographical Publications CGP is a non profit service to the scholarly community initiated in 1938 by the American Geographical Society of New York Beginning in 2006 the format changed to include the tables of contents of current geographical journals The journal titles listed link to web pages or PDF scans of the current issue s contents **Urban Anthropology Newsletter** ,1974 *Urban Geography* Michael Pacione,2005 Providing an authoritative and stimulating global introduction to the study of towns and cities this updated second edition has been extensively revised to reflect feedback from readers and to incorporate the latest research and developments *Journal of Planning Literature* ,1990
