

GENERAL SAFETY GUIDELINES

Firearms can be very dangerous if misused. When purchasing a firearm, you assume a great responsibility in its use, storage and transportation. Listed below are some guidelines that should be strictly observed:

- Handle all firearms as if they are loaded.
- Be thoroughly familiar with the firearm before firing.
- Keep the muzzle pointed in a safe direction so if accidental discharge should occur only minor property damage would result.
- Keep your finger off of the trigger until you are on target and have decided to fire.
- Be sure of your target and what is beyond it, including the backdrop. Make certain shots fired present no safety hazard for yourself or others.
- Never allow anyone to use your firearm who is not completely familiar with its operation.
- Whenever the firearm is not actually in use, make sure it is unloaded.
- Secure all firearms and ammunition from access by unauthorized people, including children.
- Always use eye and hearing protection when shooting any firearm or when near firearms that are being fired.
- In the event of a misfire (hangfire) keep the muzzle pointed in a safe direction. Wait approximately 30 seconds before opening the action. Discard the faulty cartridge and inspect the bolt, chamber and bore for damage or obstruction before firing is resumed.
- Clean the area after a shooting session. Do not leave spent casings, empty cartridge boxes, bullet-ridden targets or the like behind.
