The Szekler Nation and Medieval Hungary Nathalie Kalnoky, 2019-12-26 In 13th century the Szeklers were granted a territory Terra Sirulorum on the eastern border of the kingdom of Hungary These lands were donated by the king to the community as a whole in exchange for the armed border guard service The use of Szekler customary law based on a military

judicial and most likely multi ethnic clan structure was confirmed by the Hungarian crown Based on extensive archival sources from the 13th to 16th centuries this fascinating book examines how customary law maintains complex structures of clan membership as a condition of access to judicial and military dignities and how the Szeklers developed rules for land ownership and devolution These documents recall legal principles in which the clan has pre eminence over individuals all free and equal before their laws In this period one can observe an evolution towards individual property a factor of inequality constantly shaped and limited by the Szeklers determination to safeguard their freedom This unique text is vital reading for scholars interested in Hungarian history medieval law and clan structures

Strictly Right Linda Bridges, John R. Coyne, Jr., 2007-04-13 An affectionate portrait of the man who started it all With this graceful homage to Bill Buckley two people who have known the pleasure of his company as friends and colleagues place him where he incontestably belongs at the center of the conservative political movement that moved the center of American politics to the right George F Will Newsweek **Strictly Right** paints an intimate and penetrating portrait of the elegant and multifaceted figure who has helped to add a new dimension to the American political canvas Henry A Kissinger Bill and I and others have been good friends for almost sixty years and I thought I knew of his life as well as anyone but Linda and John have brought the events together in a magnificent story that surpasses all that we have absorbed If you like and admire Bill you must read this If you don t read it anyway it will be good for you Evan G Galbraith former Ambassador to France and Chairman of National Review Linda Bridges and John Coyne evoke the true old times when every morning brought a noble chance and every chance brought out William F Buckley Jr ready to write speak question provoke tease or praise in print in person or on the tube as required All honor to him and to the authors who capture him in these pages Richard Brookhiser author of **What Would the Founders Do Our Questions Their Answers**

The Hungarian Peace Negotiations, 1921 **The Political Evolution of the Hungarian Nation** Cecil Marcus Knatchbull-Hugessen Brabourne (4th Baron), 1908 **Brave New Hungary** János Mátyás Kovács, Balazs Trencsenyi, 2019-12-10 **Brave New Hungary** focuses on the rise of a brave new anti liberal regime led by Viktor Orb n who made a decisive contribution to the transformation of a poorly managed liberal democracy to a well organized authoritarian rule bordering on autocracy during the past decade Emerging capitalism in post 1989 Hungary that once took pride in winning the Eastern European race for catching up with the West has evolved into a reclusive statist national populist system reminding the observers of its communist and pre communist predecessors Going beyond the self description of the Orb n regime that emphasizes its Christian conservative and illiberal nature the authors leading experts of Hungarian politics history society and economy suggest new ways to comprehend the sharp decline of the rule of law in an EU member state Their case studies cover crucial fields of the new authoritarian power ranging from its historical roots and constitutional properties to media and social policies The volume presents the Hungarian System of National Cooperation as a pervasive but in many respects improvised and vulnerable experiment in social engineering rather than a set of mature and irreversible

institutions The originality of this dystopian new world does not stem from the transition to authoritarian control per se but its plurality of meanings It can be seen as a simulacrum that shows different images to different viewers and perpetuates itself by its post truth variability Rather than pathologizing the current Hungarian regime as a result of a unique master plan designed by a cynical political entrepreneur the authors show the transnational dynamic of backsliding a warning for other countries that suffer from comparable deadlocks of liberal democracy
