 Rivers, Charles Nicol, 2014-09-10 In his autobiography *Speak Memory* Vladimir Nabokov compared his life to a spiral in which
 twirl follows twirl and every synthesis is the thesis of the next series The first four arcs of the spiral of Nabokov s life his
 youth in Russia voluntary exile in Europe two decades spent in the United States and the final years of his life in Switzerland
 are now followed by a fifth arc his continuing life in literary history which this volume both explores and symbolizes This is
 the first collection of essays to examine all five arcs of Nabokov s creative life through close analyses of representative works
 The essays cast new light on works both famous and neglected and place these works against the backgrounds of Nabokov s
 career as a whole and modern literature in general Nabokov analyzes his own artistry in his Postscript to the Russian Edition
 of *Lolita* presented here in its first English translation and in his little known *Notes to Ada* by Vivian Darkbloom published
 now for the first time in America and keyed to the standard U S editions of the novel In addition to a defense of his father s
 work by Dmitri Nabokov and a portrait interview by Alfred Appel Jr the volume presents a vast spectrum of critical analyses
 covering all Nabokov s major novels and several important short stories The highly original structure of the book and the
 fresh and often startling revelations of the essays dramatize as never before the unity and richness of Nabokov s unique
 literary achievement *Cultural Transfer Through Translation* Stefanie Stockhorst, 2010 Studies at least as much as to
