This style manual offers practical advice on improving writing skills Throughout the emphasis is on promoting a plain English style This little book can help you communicate more effectively by showing you how to enliven your sentences I remember my Freshman year sitting in the Music Building lounge waiting for my next class when Maryanne came crashing in with an appropriate amount of chaos announcing to all Oh crap I can't find my Strunk and White Everyone else in the room apparently knew what she was talking about but I sat with a blank stare A few weeks later my required English 101 professor insisted we hit the bookstore and buy *The Elements of Style* We were to treat it like the Holy Grail of grammar carry it with us at all times sleep with it and consider it our eternal faithful lover This would become the first of many copies of Strunk White that have come and gone in my life I think at one time I actually had four copies Maryanne made a similar pontification in the same lounge a month later Oh no I have lost my Boosey Hawkes which I did understand It may have sounded more erotic than Strunk White but certainly less dramatic For me Boosies and Hawksies came and went but Strunks and Whites have remained constant This year for my birthday I received yet another copy Only this edition is hardback and Illustrated At first I thought how queer can this be It has got to be a mistake It's a grammar book This had to be a novel a book on fashion or something sharing a name

Nope Same Strunk White only this time with pictures Over the years I have acquired other books on grammar even one on Pittsburgh diction go figure but none can compare The Elements of Style is concise easy to understand and practically perfect It s the best Ever And a very clever artist has figured out how to illustrate sentence fragments misused words the hyphen participle phrases and lots of other teeth gritting English stumbling blocks in a very Magritte sort of way Yet there is one thing even the most excellent book won t be able to do as my friends will attest and this would be comma abuse of which I am the Master The gold standard No more need be said than to quote Mr Strunk s thoughts under the headline Omit Needless Words Vigorous writing is concise A sentence should contain no unnecessary words a paragraph no unnecessary sentences for the same reason that a drawing should have no unnecessary lines and a machine no unnecessary parts This requires not that the reader make all sentences short or avoid all detail and treat subjects only in outline but that every word tell And every word of Mr Strunk s as updated and expanded by the brilliant and self effacing E B White indeed does tell Don t touch your keyboard without reading this book ABOUT WILLIAM STRUNK JR William Strunk Jr was a professor of English at Cornell University and together with E B White author of The Elements of Style 1918 The Elements of Style William Strunk,E. B. STANDARD ENGLISH GRAMMAR K. K. Singh, 2022-03-15 This book focuses on English Grammar in its own right Most chapters of this grammar book include mention of differences between spoken and written grammar and aspects of context that affect choices of grammar Those chapters give more detailed examples of items and structures described in this book It is difficult fully to represent spoken grammar in a written book Although the corpus used as the source of examples in this book provides useful evidence of spoken usage the corpus has not been systematically coded for phonetic and prosodic features Variations in stress intonation contour voice quality and other aspects such as loudness and tempo rhythm and length of pauses are not indicated And the citations from the corpus are presented in written form so that there always remains an underlying bias towards writing in the transcription itself This bias towards written language also means that appropriate terms for describing special features of spoken grammar are not always available in existing grammatical frameworks In some cases new terminology has to be introduced
