and Scientists as well Yet if God did not make humankind and if we are not just a statistical accident then how did Life arise The Quadrature Theorem the mechanism of God s Quantum closes the gap between Physics and Faith by proposing that Awareness is the fundamental pre existent state of the Universe From this state springs both the religious concept of God and the scientific concept of the Quantum Field What is the Meaning of Life and the Mystery of Mysteries When we examine Life we notice that Awareness is everywhere Just look in the mirror Awareness resides within so called inanimate matter too Awareness is The Mystery not God not the Quantum Field Neither Science nor Religion can explain Awareness because it is fundamental to them both Everything flows from Awareness and follows one simple principle called Quadrature Using this principle God s Quantum takes you on a deep journey into what makes you and me and the Universe tick Re uniting Science and Philosophy into a balanced understanding Dr Bretholt s Trilogy puts God s Quantum at your fingertips it leads us back to a decisive understanding of who and what we truly are It logically describes how the Quantum Realm arises and exactly how our creativity is linked directly to the ongoing evolution of the Universe FAQs About The Trilogy 1 God s Quantum Trilogy shows our direct connection to the Quantum Field of Awareness 2 Learn how our creative capabilities are identical to those of the Universe itself and why this is so 3 Learn how and why the Quantum Field itself is filled with Awareness 4 Investigate the step by step creation of the Universe out of Nothing At All 5 Realize how our highest potential is fully aligned with the creative process of the Universe itself 6 Find out how to unlock and control your personal potential by using the understanding developed in the God s Quantum Trilogy
