Stripped Depeche Mode:

Stripped: Depeche Mode Jonathan Miller, 2004 **Stripped: Depeche Mode** Jonathan Miller, 2009-11-05 An electrifying new biography about the four Essex lads who became award winning stadium superstars and champions of synth pop Jonathan Miller's groundbreaking book features in depth interviews with founder member Vince Clarke and producers Gareth Jones and Mark Bell and contains never before seen interviews with the band members themselves With additional input from Gary Human Howard Jones and Thomas Dolby this is a unique portrait of a band that almost lost control when their lives went off the rails and lead singer Dave Gahan's heroin addiction nearly killed him In the end Depeche Mode not only survived they triumphed racking up a staggering 40 million plus album sales on the way This is their amazing story told in full for the first time Born out of the post punk backlash in the early 80's Depeche Mode took their name from a phrase in a French style magazine and became the definitive international synth pop group Vince Clarke Andy Fletcher and Martin Gore had started out as an Essex guitar band but it was their bright and upbeat synthesizer driven brand of pop fronted by Dave Gahan that was to find global acceptance and enjoy unlikely success in the US Despite a handful of early plaudits in the music press the group won only intermittent critical acceptance over the years its often light musical approach contrasting with lyrics that sometimes plunge into darker topics like S M religious fetishism and the scourge of capitalism But whatever the music press said the fans finally bought into Depeche Mode in a big way Their Violator tour at the start of the 90s sold millions of records and turned them into major US concert stars In true rock style Depeche Mode's members have suffered their share of internal strife over a long career Dave Gahan reinvented himself as a lead singer with both a harder musical edge and a near fatal drug habit while internal acrimony often marred the later stages of their career Jonathan Miller has made an exemplary job of telling the Depeche Mode saga in its entirety and goes a long way towards explaining how the group have managed to thrive when almost all their post punk contemporaries fell by the wayside long ago [Depeche Mode](#) , **Depeche Mode FAQ** Michael Christopher, 2020-12-28 The preeminent synth pop outfit for four decades Depeche Mode have endured an ever shifting musical landscape rising above fads and battles with personal demons somehow managing to retain a hold on the charts and the audience the latter which continues to grow as new generations discover them and become devotees Depeche Mode FAQ All That's Left to Know About the World's Finest Synth Pop Band shows how a group of schoolmates influenced by the likes of Kraftwerk Joy Division and mid period David Bowie carved out their own musical niche until they became one of the most influential bands to come out of England Depeche Mode were Europe's best kept secret in the early 80s with the albums Construction Time Again and the perhaps tongue in cheek titled Music for the Masses They became a worldwide phenomenon as the 90s dawned with the landmark LP Violator containing the smash hits Personal Jesus Enjoy the Silence and Policy of Truth But success came at a price as depression alcoholism drug addiction and personnel departures threatened to derail the band It wasn't a question of whether the music of Depeche Mode would be

able to withstand fickle industry changes but rather if the members of the group themselves could make it out alive Depeche Mode FAQ shows how they did becoming legends in the process **Depeche Mode on track** Brian J. Robb,2023-09-28 For four decades Depeche Mode dominated electronic music from the naive melodies of 1981's Speak Spell through to 2023's Memento Mori Through changing line ups featuring Vince Clarke Alan Wilder and Andy Fletcher singer Dave Gahan and main songwriter Martin Gore have been the band's core Starting as teenagers and now in their 60s they have survived worldwide fame addictions to drink and drugs and near death experiences while continuing to innovate as technology and the music business evolved An acclaimed live band it is through their fifteen studio albums that Depeche Mode have best expressed themselves from the industrial darkness of Black Celebration 1986 to their popular breakthroughs with Music For the Masses 1987 and Violator 1990 and the emotional upheaval of 1993's Songs of Faith and Devotion The band survived the chaotic fallout from that album and tour in the mid 1990s with Gahan experiencing a near fatal drug overdose to regroup with Ultra 1997 They continued their explorations of love death sex and politics on acclaimed albums Playing the Angel 2005 Delta Machine 2013 and Spirit 2016 Inducted into the Rock and Roll Hall of Fame in 2020 proven survivors Depeche Mode have their story told here in song by song detail Brian J Robb is the New York Times and Sunday Times bestselling biographer of Leonardo DiCaprio Johnny Depp and Brad Pitt He has also written books on silent cinema the films of Philip K Dick Wes Craven Laurel and Hardy the Star Wars movies Superheroes Gangsters and Walt Disney as well as science fiction television series Doctor Who and Star Trek His illustrated books include an Illustrated History of Steampunk and Middle earth Envisioned a guide to J R R Tolkien's The Lord of the Rings Winner Best Book Tolkien Society Awards He is a Founding Editor of the Sci Fi Bulletin website and lives near Edinburgh UK **Reception History and Biblical Studies** Emma

determine the way in which we think about the Nazi period providing instantly recognizable images and messages that often go unquestioned We cannot separate these phenomena from Riefenstahl s years of avid self fashioning The second section of the book offers treatments of the shifting mobile relationship between Riefenstahl s stubborn attempts to create and control her personae and her reactions to others re appropriations of the meanings of her life and work Reading the texts and discourses surrounding Riefenstahl these scholars treat her memoirs and her repeated assertions about herself as a springboard into understanding anew how we might approach her films in a productive way The closing section of the volume comprises essays that go right to the heart of the matter Riefenstahl s films and photography The new contexts theoretical discussions and emerging discourses that animate these essays include Scarry s treatise on beauty justice and the global the problems of history and memory the place of Riefenstahl s filmmaking technique in contemporary cinema and her appropriation of German musical traditions Fueled by the work of a diverse range of scholars then Riefenstahl Screened offers an opportunity to rethink the place of Leni Riefenstahl and her work in contemporary culture and in academic discourse It insists upon a critical self examination that maps a topography of how scholars and teachers avail themselves of Riefenstahl s corpus
