**A book to heal** Anna Ferrari, 2022-04-06 At first I only wrote these notes for myself It was a difficult moment in my life I was reborn after a period of darkness where I had lost contact with reality to the point that I could no longer think or read an activity that was and is the cornerstone of my life I did not decipher the symbols on the page they had lost their meaning I did not remember everything had been swallowed in the womb of suffering and the more I tried the more I failed to the point of being terrified of picking up a book every day the malaise plunged me deeper It was chilling sad tormenting Then I met a specialist who like a good fairy brought me back to

the surface with love and intelligence the first thing I did as soon as I felt better was reading To prove to myself that my head was working again at the end of each novel I wrote at first with desperation then with increasing pleasure my comments to see if I could finally understand and remember what I was reading I have two whole thick chunks of these comments written straight away with no other concern than talking to myself and reassuring myself I was and am an avid reader I have worked with books all my life for this reason death and rebirth have passed through words A few years after that period I reread those comments and found in them both hasty almost anxious writings and others more stimulating Over time they revealed an inherent power to me commenting on those books I commented on myself the myself that was found now in this now in that story or novel It is in this perspective that the analyzes contained in A book to heal are special they are not the usual reading advice perhaps thrown down for editorial needs they are much more they are confessions and therefore sincere appreciation or slashing of those books that have marked my path to healing This exceptional character of theirs reveals to the reader a good book to read and also marks the path that can be taken in difficult moments of life because we are what we say and what we read penetrates our depths and remains there until it gives its fruits that nourish the hope and the desire to succeed Anyone therefore can retrace my path and later can also add his own In this way A book to heal was born whose origin is therefore an act of love and the words that compose it were written with love Even the title gradually arose from the feelings I felt in reworking these texts and I immediately adopted it as soon as it appeared Inside the volume you will find a section in English the result of another birth A bit like everyone else different personalities coexist within me Anna the writer the Teacher and so on A few years ago another one was born Aileen who thinks speaks and writes in English In this capacity the writing becomes freer somehow protecting Aileen s feelings and fears with a foreign language Antonia S Byatt Jane Austen Clarice Lispector Nicola Lagioia are some of the authors I speak of each of them has delicately shown me an unusual and surprising aspect of life they have made me learn that life never ends but it is always a harbinger of surprises and revelations In conclusion that phase of my life which gave me A book to heal taught me that nothing more than a book can give us back the love for ourselves and for the world nothing more than a book helps us to build our way and therefore our life Translator Erica Brusco PUBLISHER TEKTIME
