

“To Kill a Mockingbird” is a Nelle Harper Lee’s novel that is believed to be one of the most outstanding classic of modern American fiction after its’ critical success as the best-seller of the 60-ies. The story was published in 1960 and gained a wide readership in consequence of life-critical issues took up at the heart of its’ storyline. It deals with true-to-life picture of racially tense times in Alabama, the writers’ home state. The book condemns racial injustice, portrays social prejudices that were present in America (eminently in Southern states) at that time, but that are still relevant in our legal system today, at once traces the role of education in upbringing the moral values of young generation, thus takes the reader to the womb of human behavior – cruelty and kindness, hatred and love, courage and cowardice. Harper Lee appeals for standing up for human rights and truth in spite of its’ price.

In the middle of the XX century America suffered a critical racial confrontation and prejudice among black and white people, especially are worth noticing three situations that may have affected Harper Lee in writing **“To Kill a Mockingbird”**. A black girl was arrested for her disobedience to a white man in public transport in 1955, the same year a fourteen-year-old black has been murdered violently for approaching a white woman in a shop. This provoked a series of boycotts which beared bad fruit in 1958 – a number of southern schools closed down due to their intolerance toward African-American people studying alongside whites. The infamous Scottsboro trials may also have provided a framework for the best-seller.

This novel is narrated by a six-year-old Scout Finch (a possible prototype of the writer herself) relates a story of an African-American man untruly inculpated in sexual assault of a white girl Mayella Ewell. Lees’ father, similar to Atticus Finch, the attorney in the novel, has defended a black man accused of rape who gets hanged and mutilated afterwards. These and many other similarities allow to draw a parallel between Lee’s own life experience and rueful feelings about her nations’

English Language Arts, Grade 6 Module 3 PCG Education,2015-12-09 Paths to College and Career Jossey Bass and

PCG Education are proud to bring the Paths to College and Career English Language Arts ELA curriculum and professional development resources for grades 6-12 to educators across the country. Originally developed for EngageNY and written with a focus on the shifts in instructional practice and student experiences the standards require, Paths to College and Career includes daily lesson plans, guiding questions, recommended texts, scaffolding strategies, and other classroom resources. Paths to College and Career is a concrete and practical ELA instructional program that engages students with compelling and complex texts. At each grade level, Paths to College and Career delivers a yearlong curriculum that develops all students' ability to read closely and engage in text-based discussions, build evidence-based claims and arguments, conduct research, and write from sources and expand their academic vocabulary. Paths to College and Career's instructional resources address the needs of all learners, including students with disabilities, English language learners, and gifted and talented students. This enhanced curriculum provides teachers with freshly designed Teacher Guides that make the curriculum more accessible and flexible, a Teacher Resource Book for each module that includes all of the materials educators need to manage instruction, and Student Journals that give students learning tools for each module and a single place to organize and document their learning. As the creators of the Paths ELA curriculum for grades 6-12, PCG Education provides a professional learning program that ensures the success of the curriculum. The program includes Nationally recognized professional development from an organization that has been immersed in the new standards since their inception, Blended learning experiences for teachers and leaders that enrich and extend the learning, A train-the-trainer program that builds capacity and provides resources and individual support for embedded leaders and coaches. Paths offers schools and districts a unique approach to ensuring college and career readiness for all students, providing state-of-the-art curriculum and state-of-the-art implementation.

Teaching Creatively and Teaching Creativity Mary Banks, Gregerson, Heather T. Snyder, James C. Kaufman, 2012-11-13. Creative teaching as well as teaching creativity are cutting edge issues in psychology today as recent academic and popular media coverage has shown. This volume expands on that interest with chapter authors drawn from interdisciplinary areas. It includes examples of creatively teaching across the education system, including preschool, K-12, undergraduate, and graduate level education. The variety of subjects covered by the chapters include psychology, math, science, and reading. In addition to creative teaching, which may lead to enhanced learning and achievement in students, as well as enhanced creativity, another focus is teaching with the objective to enhance creativity. *Resources in Education*, 1997.

Teaching Literature to Adolescents Richard Beach, Deborah Appleman, Bob Fecho, Rob Simon, 2011-03-04. Designed to introduce prospective English teachers to current methods of teaching literature in middle and high school classrooms, this popular textbook explores a variety of innovative approaches that incorporate reading, writing, drama, talk, and media production. Each chapter is organized around specific questions that English educators often hear in working with preservice teachers. The text engages readers in considering the dilemmas and issues facing literature teachers through inquiry-based

responses to authentic case narratives A Companion Website <http://teachingliterature.pbworks.com> provides resources and enrichment activities inviting teachers to consider important issues in the context of their own current or future classrooms New in the second edition more attention to the use of digital texts from use of online literature to digital storytelling to uses of online discussion and writing tools incorporated throughout new chapter on teaching young adult literature new chapter on teaching reading strategies essential to interpreting literature more references to examples of teaching multicultural literature
