

To Kill a Mockingbird Novel Study Unit by Naylor Jones

This unit primarily serves as a novel study of *To Kill a Mockingbird* by Harper Lee. Using strategies from *The Novel Approach* by Kate Roberts, the text is broken down in small chunks daily, allowing for ample discussion and writing time. The novel unit is fast-paced and does require nightly reading homework. Chapter summaries or an abridged version could be substituted for homework for lower-level students.

It is important to push students in order to improve their reading stamina. The three top goals are as follows: 1) Monitor reading comprehension and make adjustments as needed, 2) Make connections about how society and setting influence theme. And 3) find relevant and reliable sources to support a claim.

By the end of this unit, student's reading stamina and reading comprehension should be well improved. As well as a novice understanding of the research process. If the final exam is computer made, it is recommended to create a comprehensive test of *"To Kill a Mockingbird"* using released STAAR question items and prompts.
