To Serve and Protect Lionel Pender, 2016-12-15 The history of policing dates back to antiquity when great civilizations such as Egypt Greece and Rome developed the first systems to enforce public order In the time since countries have developed modern efficient and professional police forces to help catch criminals and impose order in the streets This guide covers the history and development of policing activity complementing the story of law enforcement with discussions of the theorists and lawmakers who most influenced its evolution The text also focuses on the two greatest crises faced by law enforcement today the rise of terrorism and tensions with racial minorities Called to Serve and Protect John Bown, 2023-07-21 How does a farm boy brought up on an isolated farm with no electricity or running water supply leaving school at fifteen with no academic qualifications have a successful career in the police force and become an overseas police adviser John describes his motivation to serve and protect and takes you through his police career including when he climbed the headstock of a disused colliery to talk down a disturbed teenager had a convicted killer hold a knife to his throat and took a loaded shotgun out of the hands of an aggressive teenager He enumerates his progression through the ranks and describes an occasion when he refused to obey an order from his Chief Constable which probably cost him a promotion Post retirement he worked for a private security company involved in the escorting of prisoners to courts and prisons and describes having to spend three days in the witness box at an inquest into the death of a prisoner in transit to prison As an overseas police adviser sitting in a restaurant in Addis Ababa with his wife a colleague and his wife John saw a hand grenade come to a standstill just inches away from his legs and he expected to die but miraculously survived Flown back to the UK for treatment he had his moments of fame appearing on TV news and on the Big Breakfast show on Channel 4 Attending a presentation function at the Caf Royal he sat next to Lois Maxwell the original Miss Moneypenny and the lady on whom her character was based To Serve and Protect Edward L. Hannon, 2010-11-24 This is a story of thirteen years chronicling a man police officers journey through the scope of his life and occupation to transcend his expected performance on the police department while not lying docile to be parted with a police administration's inept leadership This book is going to expose the intimate details of a quota system mandated by a police administration In this book the reader will be shocked appalled amused heartbroken excited and vindicated because it is extremely candid People speak in the cliché sense of being a rebel within the scope of their occupation this book exemplifies how one authentic rebel did just that This book will leave the reader as the
