Peer Relationships and Social Skills in Childhood K.H. Rubin, H.S. Ross, 2012-12-06 Amy Rubin the seven year old daughter of one of this volume s editors was discussing with her close friend Kristin her teacher s practice of distributing stickers to her classmates for completing their seat work As the conversation continued Joshua Amy s two year old brother al though Amy would argue that he more often resembles an albatross around her neck sauntered up to the older children He flashed a broad smile hugged his sister and then grabbed her book of stickers Corey Ross the nine year old son of the other editor was trying to plan a tobogganing party with his friend Claire The problem facing Corey and Claire was that there were too few toboggans to go around for their grade four classmates Jordan Corey s younger brother had agreed to lend his toboggan However Harriet Claire s younger sister and Jordan s close friend had resisted all persuasive attempts to borrow her toboggan The older children decided that the best strategy was to use Jordan s friendship with Harriet and his good example of sibling generosity in presenting thejr case to Harriet Both of these anecdotes exemplify what this volume on peer relation ships and social skills is about Children have

friends with whom they discuss issues of perceived social significance During the early elementary school years rather sophisticated conversations and debates concerning topics of reward distribution altruism person perception social status sibling relations and cooperation can be overheard especially by eavesdropping parents who have professional interests in such matters

Trauma-Informed Practices for Early Childhood Educators Julie Nicholson,Linda Perez,Julie Kurtz,Shawn Bryant,Drew Giles,2023-05-16 This second edition of Trauma Informed Practices for Early Childhood Educators continues to guide childcare providers and early educators working with infants toddlers preschoolers and early elementary aged children to understand trauma as well as its impact on young children s brains behavior learning and development The book covers a range of trauma responsive teaching strategies that readers can use to create strength based environments that support children s health healing and resiliency Updates include a greater emphasis on resilience and collaborating with mental health specialists new chapters on developing children s body awareness sensory literacy and pathways to regulation that reduce stress through breathing techniques and mindful movement as well as new vignettes and case studies to use in workshops or professional development Supervisors and coaches will learn a range of powerful trauma responsive practices that they can use to support workforce development and enhance their quality improvement initiatives

Group Care for Infants, Toddlers, and Twos Deborah J. Norris,Diane M. Horm,2019-10-23 This volume extends the knowledge base supporting research informed child care for infants and toddlers while simultaneously highlighting areas of study ripe for future research The authors demonstrate from a systems perspective that the experiences and outcomes of very young children in child care are influenced by characteristics of and interactions between the children adults and settings Varying methodological approaches as well as the utilization of newer data collection instruments inform the field s understanding of current practices and procedures while offering guidance for future programming and policy In turn the chapters highlight a plethora of open questions and a need for a new generation of research to support the field of infant toddler care Future challenges are evident in the recognition of the inadequate nature of our current measures of child outcomes and classroom processes the field s unmet promise to incorporate interdisciplinary perspectives and the need for newer methodological designs that blend the strengths of quantitative and qualitative approaches These issues are important given the growing demand for infant toddler care and the increasing recognition of the unique role of this age period in serving as the foundation for all later development This book was originally published as a special issue of Early Education and Development
