La gestion des talents - 2e éd. Cécile Dejoux, Maurice Thévenet, 2015-09-09 La gestion des talents est une thématique qui s'impose depuis quelques années en Gestion des Ressources humaines en réponse aux limites de l'approche par compétences. Dans un contexte de crise économique, les entreprises cherchent à développer une approche plus individuelle et personnelle en se concentrant sur la recherche de talents, ces personnes aux compétences spécifiques ou rares qui créent davantage de valeur ajoutée. Aussi est-il essentiel pour les organisations d'identifier les talents dont elles ont besoin aujourd'hui et demain de mettre en œuvre les meilleures politiques pour les attirer et les valoriser tout en les fidélisant. Cet ouvrage propose un état des lieux des fondements théoriques de la notion de talents ainsi que des méthodes et outils pour rendre opérationnelle la notion de talent. Cette deuxième édition sera enrichie de deux nouveaux chapitres sur les pratiques innovantes de gestion des talents et sur la gestion des talents libre numérique.

Talent Management Cécile Dejoux, Maurice Thévenet, 2012-01-11 Talent Management could very soon replace traditional Human Resource Management within companies. This book explores this new concept and questions the progressive drift from one notion to the other. Talent is a unique combination of various outstanding skills. Companies are doing their best to attract, retain and make talents effective in the turbulent context of business in a global economy. The book provides the cultural and business context of talent. After exploring what talent management concretely means in terms of policies and practices, the HR professional and the scholar will have a clear picture of the potential opportunities and limits of talent management.

Cultural Intelligence in the 21st Century Stephan M. Branch, 2023-11-21 Discover how leadership, cultural intelligence and inclusion coalesce to create preeminent global leaders and organizations while driving revenue, inclusion and ESG. If you are a CEO, global leader or part of a global organization, you can revolutionize every part of your business by raising your cultural intelligence. Cultural Intelligence in the 21st Century explores nine crucial cultural competencies that will transform every part of your business, including how you drive inclusion, revenue and ESG; how you lead global teams for better results; how you increase sales and operational performance; how you communicate across cultures; how you build relationships and trust in other countries. In recent years, organizations have become fixated on raising Environmental, Social and Governance (ESG) because they recognize that the Millennial and Z generations are largely focused on investing in companies that better align with their personal philosophies. Global 2000 companies know this and are redirecting much of their focus to ESG in order to make their organizations more attractive to employees and investors. The S in ESG isn't only about social equity; it's about understanding the importance of how other countries conduct business. Did you know you can solve both at the same time while having a transformative financial impact on your organization? How can you build a globally inclusive culture in an organization where everyone feels seen, heard and respected if you don't understand how cultures communicate, build relationships and trust and show respect differently? You can learn the cultural competencies to do business in other countries.

in order to create a more inclusive environment within a global organization which qualifies as a metric within the ESG rating Cultural Intelligence in the 21st Century gives you the competencies you need to do this *Ressources humaines* Jean-Marie Peretti, 2015-12-16 Facteur clé de succès essentiel aujourd'hui le management des ressources humaines doit concilier performance économique et sociale rentabilité court terme et développement durable Cette nouvelle édition entièrement refondue en propose une vision concrète et actuelle au plus près des besoins des entreprises et des étudiants Valorisez votre marque employeur !
