The Unruly Life of Woody Allen Marion Meade, 2014-04-01 A psychologically nuanced tough minded portrait of the New York filmmaker and his relationships with Mia Farrow and Soon Yi Previn Publishers Weekly Writer director actor humorist Woody Allen stands as one of our era s most celebrated artists Starting in the 1950s Allen began crafting a larger than life neurotic persona that has since entertained and enlightened millions In his films widely thought to be autobiographical explorations of his own comic fears and fixations Allen carefully controlled the public s view of him as a lovable scamp But that all came crashing down the day Mia Farrow found a Polaroid on her mantle What followed was a flurry of sensational headlines and legal battles His relationship with Soon Yi Previn thirty four years his junior and the step daughter of his longtime girlfriend caused shockwaves in the public s perception of the director yet few biographers and journalists have explored what happened and why In this the first deep investigation of Allen s life and the events surrounding his split with Farrow biographer Marion Meade tracks down dozens of friends actors neighbors and film historians They open up with insights and details rare in the world of wealth and celebrity What results is a fascinating portrait of a flawed genius as adept at constructing his own image as he is at crafting films Rereleased and updated this is an unauthorized biography that neither Woody Allen s fans nor his detractors will be able to put down The revised and updated edition was reviewed in the Wall Street Journal in 2013 by Carl Rollyson in a roundup of the five best Hollywood biographies

seen as the ultimate in status and how the co operative apartment originally conceived as a form of housing for the poor came to be used as a legal means of black balling undesirable neighbors A social history told through brick and mortar The Sky s the Limit is the ultimate look inside one of the most exclusive and expensive enclaves in the world and at the lengths to which people will go to get in *The Rough Guide to New York City* Martin Dunford, Jack Holland, 2002 Written by New York natives this guide zeros in on Manhattan the city s crown jewel and its world class museums restaurants clubs and hotels and then goes on to the rich and diverse outer boroughs digging up the less obvious charms 34 maps of color maps City that Never Sleeps Murray Pomerance, 2007 New York more than any other city has held a special fascination for filmmakers and viewers In every decade of Hollywood filmmaking artists of the screen have fixated upon this fascinating place for its tensions and promises dazzling illumination and fearsome darkness From Street Scene and Breakfast at Tiffany s to Rosemary s Baby The Warriors and 25th Hour the sixteen essays in this book explore the cinematic representation of New York as a city of experience as a locus of ideographic characters and spaces as a city of moves and traps and as a site of allurement and danger **Marriage is Murder** Nicholas J. Hall, Nick Hall, 1992 Ex spouses Paul and Polly Butler write murder mysteries together They act out the crimes in Paul s apartment poisoned chocolates and lethal martinis alibis and fingerprints bodies in a trunk and bodies all tied up daggers guns and even an axe all contribute to the hilarity Nobody gets hurt but their egos take some hits as they find that their marriage was mixed up with their work There are many fast paced comic twists as they attempt to outdo and surprise each other and they learn that marriage like murder is in the details The final witty complication is a real murder which they and the audience should have seen coming This murderously funny two character comedy is by the author of Accommodations **Building Up and Tearing Down** Paul Goldberger, 2009-10-13 PAUL GOLDBERGER ON THE AGE OF ARCHITECTURE The Guggenheim Museum Bilbao by Frank Gehry the CCTV Headquarters by Rem Koolhaas the Getty Center by Richard Meier the Times Building by Renzo Piano Pulitzer Prize winning critic Paul Goldberger s tenure at The New Yorker has documented a captivating era in the world of architecture one in which larger than life buildings urban schemes historic preservation battles and personalities have commanded an international stage Goldberger s keen observations and sharp wit make him one of the most insightful and passionate architectural voices of our time In this collection of fifty seven essays the critic Tracy Kidder called America s foremost interpreter of public architecture ranges from Havana to Beijing from Chicago to Las Vegas dissecting everything from skyscrapers by Norman Foster and museums by Tadao Ando to airports monuments suburban shopping malls and white brick apartment houses This is a comprehensive account of the best and the worst of the age of architecture On Norman Foster Norman Foster is the Mozart of modernism He is nimble and prolific and his buildings are marked by lightness and grace He works very hard but his designs don t show the effort He brings an air of unnerving aplomb to everything he creates from skyscrapers to airports research laboratories to art galleries chairs to doorknobs His ability to produce surprising work that doesn t feel labored

must drive his competitors crazy On the Westin Hotel The forty five story Westin is the most garish tall building that has gone up in New York in as long as I can remember It is fascinating if only because it makes Times Square vulgar in a whole new way extending up into the sky It is not easy these days to go beyond the bounds of taste If the architects the Miami based firm Arquitectonica had been trying to allude to bad taste one could perhaps respect what they came up with But they simply wanted like most architects today to entertain us On Mies van der Rohe Mies s buildings look like the simplest things you could imagine yet they are among the richest works of architecture ever created Modern architecture was supposed to remake the world and Mies was at the center of the revolution but he was also a counterrevolutionary who designed beautiful things His spare minimalist objects are exquisite He is the only modernist who created a language that ranks with the architectural languages of the past and while this has sometimes been troubling for his reputation his architectural forms become more astonishing as time goes on
