Summa Theologiae,

Prima Pars: Volume 1, The One God, QQ 1-26 Thomas Aquinas,Thomas de Vio Cajetan,2023-06-23 When Leo XII

promulgated Aeterni Patris in 1879 he stipulated that the Leonine or official edition of the Summa should always be printed

in conjunction with Cajetan s Commentary For five hundred years they were studied together Generations were trained by

reading through the Summa article by article with Cajetan s commentaries in hand Early printed editions of the Summa

typically included them in a Talmudic arrangement as marginal text running around each article by Aquinas This edition

imitates that example Recently serious thinkers of all denominations and none have found new reasons to be interested in St

Thomas His text is deceptively simple yet important issues are handled in every article sometimes below the surface Cajetan

extracts these hidden issues and explains and elaborates on them with remarkable affinity to modern analytical philosophy

Part of that affinity lies in the use of modal logic a tool whose importance was overlooked between the Renaissance and the

twentieth century The time is ripe for an analytically inspired translation of Thomas hence this volume Never until now has

Cajetan s Commentary been put into English in its entirety William Marshner s translation is consistent with fidelity to the

technical force of the original The translator s footnotes acknowledge what empirical science has made obsolete in the work

of St Thomas and also make clear how much today s science would have saved Thomas useless labor This volume will for the

first time make Cajetan s help available to the modern reader
