Decolonisation in Universities Jonathan Jansen, 2019-08-01 In this collection of case studies and stories from the field South African scholars come together to trade stories on how to decolonise the university Shortly after the giant bronze statue of Cecil John Rhodes came down at the University of Cape Town student protestors called for the decolonisation of universities It was a word hardly heard in South Africa's struggle

lexicon and many asked What exactly is decolonisation This edited volume brings together the best minds in curriculum theory to address this important question In the process several critical questions are raised Is decolonisation simply a slogan for addressing other pressing concerns on campuses and in society What is the colonial legacy with respect to curriculum and can it be undone How is the project of curriculum decolonisation similar to or different from the quest for postcolonial knowledge indigenous knowledge or a critical theory of knowledge What does decolonisation mean in a digital age where relationships between knowledge and power are shifting The book combines strong conceptual analyses with novel case studies of attempts to do decolonisation in settings as diverse as South Africa Uganda Tanzania and Mauritius Such a comparative perspective enables reasonable judgements to be made about the prospects for institutional take up within the curriculum of century old universities

Transforming Higher Education Through Universal Design for Learning Seán Bracken,Katie Novak,2019-02-21 Providing insight into the background theory and practical applications of Universal Design for Learning UDL Transforming Higher Education through Universal Design for Learning An International Perspective examines and shares best practice in UDL implementation worldwide to provide strategies for strengthening student accessibility engagement and learning outcomes through the development of flexible learning environments Drawing upon insightful research based contributions from educators and student service specialists in Australia Belgium Brazil Canada Ireland Israel Norway South Africa Spain the UK and all across the USA this book considers diversity in the form of disability minority ethnic groups gender identities first generation university students and varying socio economic backgrounds brings together key thinkers and actors in the field of UDL and expertly maps its practices to the higher educational domain explores the multiple means of representation expression and engagement that combine to create a successful UDL framework Each chapter not only provides a different perspective of how UDL has helped meet the needs of all students to ensure that education is accessible culturally responsive and socially just but also considers how this can then be implemented into higher education environments the world over This book is a crucial read for those who want to make a positive difference in higher education provision and outcomes

Universities, Sustainability and Society: Supporting the Implementation of the Sustainable Development Goals Walter Leal Filho,Amanda Lange Salvia,Luciana Brandli,Ulisses M. Azeiteiro,Rudi Pretorius,2021-05-03 In order to yield the expected benefits sustainability initiatives need to be undertaken by means of a close cooperation between universities on the one hand and societal partners on the others The principle of co creation and co execution of sustainability initiatives increases the value for all by mutual learning and the sharing of expertise and resources But pursuing sustainability initiatives with a community and societal involvement is not simple There is a perceived need for a better understanding of how universities can interact with society in order to support the implementation of the UN Sustainable Development Goals This book is an attempt to address this need by a novel approach which focuses on current potentials and challenges across a wide range of fields and expertise The book

focuses on how the theory and practice of sustainable development interact and shows the need for a continuation of the dialogue among sustainability academics and practitioners so as to address the issues matters and problems at hand The spectrum of themes addressed on this book also entails how environmental values and ethics are applied and the relationship between social biological and cultural diversity It also includes a broad disciplinary approach to sustainability including education research and case studies and the links with human environment relations in a sustainable development context

Social Computing and Social Media: Applications in Education and Commerce Gabriele Meiselwitz, 2022-06-16 This two volume set LNCS 13315 and 13316 constitutes the refereed proceedings of the 14th International Conference on Social Computing and Social Media SCSM 2022 held as part of the 24rd International Conference HCI International 2022 which took place in June July 2022 Due to COVID 19 pandemic the conference was held virtually The total of 1276 papers and 275 posters included in the 40 HCII 2022 proceedings volumes was carefully reviewed and selected from 5583 submissions The papers of SCSM 2022 Part II are organized in topical sections named social media in education customer experience and consumer behavior

International Handbook of Distance Education Terry Evans, Margaret Haughey, David Murphy, 2008-02-13 Distance education is arguably one of the major developments in education during the 20th Century This title explores the array of distance education theories and practices as they have been shaped by the late 20th Century and then positions these in terms of the contemporary circumstances of the 21st Century

African Women's Liberating Philosophies, Theologies, and Ethics Beatrice Okyere-Manu, Léocadie Lushombo, 2024-05-02 This volume explores the ethical and philosophical paradigms presented by most of the influential Matriarchs of the Circle of African Women Theologians It critically evaluates the effectiveness of their ethical and philosophical theories models and frameworks in pursuing justice and liberation for women in Africa and globally The authors address critical questions How have African women theologians reimagined existing ethical paradigms What original ethical and philosophical ideas have they generated How have their ethical frameworks influenced the theologies and interpretations they have developed What purposes do their ethical and philosophical paradigms serve How do these renderings intersect with various social categories including gender race class sexuality capitalism and colonialism What liberating frameworks do they propose The volume further explores the dialogue between distinct African contexts and universal experiences and values It explores how universal themes such as humanity human dignity rights justice motherhood and more can coexist with communal African concepts and themes It contemplates how embracing African approaches engages these themes more globally bringing together particular African contexts of women and the universal ethical philosophical and theological theories models and frameworks to advance the cause of justice and liberation for African women and women worldwide into the future

ICCSM2015-3rd International Conference on Cloud Security and Management Dr Barbara Endicott Popovsky, 2015-10 The 3rd International Conference on Cloud Security Management ICCSM 2015 invites researchers practitioners and academics to present their research findings works

in progress case studies and conceptual advances in areas of work where education and technology intersect The conference brings together varied groups of people with different perspectives experiences and knowledge in one location It aims to help practitioners find ways of putting research into practice and researchers to gain an understanding of real world problems needs and aspirations

Sustainable Development Goals and Institutions of Higher Education Godwell Nhamo,Vuyo Mjimba,2019-09-14 This volume brings together both theoretical and case study based contributions to the implementation of the Sustainable Development Goals SDGs in Institutions of Higher Education IHE presenting an impactful combination of authors from both developing and developed countries While most current publications addressing the SDGs and education focus on sustainable development in general and specific topics such as climate change or energy this book attempts to accelerate the localisation of the SDGs by presenting opportunities and innovations offered in various universities and campuses regarding SDGs localisation The book seeks to provide an important contribution to the global dialogue on IHE and the SDGs and will be of interest to academics and researchers engaged in the SDGs and education as well as government agencies and other interested stakeholders The book focuses on curriculum and learning matters research and development as well as community engagement Case studies detail the integration of SDGs in academic and professional development new approaches to implementing sustainability science instruction improvements in teaching practices to enhance teacher competence and responsible management education Additional focus is placed on the alignment of the SDGs in higher education with the other goals emphasizing technological innovation for improved human health and environmental management and climate change policies and action plans Interdisciplinary solutions for pressing environmental problems are also provided making sure that no one is left behind in realising these global development goals

Being a Systems Psychodynamic Scholar Frans Cilliers,2019-12-17 This Festschrift has been compiled by Sanchen Henning in honour of the work of Professor Frans Cilliers On behalf of colleagues and friends in South Africa and abroad she illustrates their appreciation and respect for his role as scholar in Systems Psychodynamics He produced various pioneering research projects in Organisational Psychology as his field of study through the Systems Psychodynamic lens A specific feature and contribution of the book is the application of Systems Psychodynamics to organisational matters and leadership consulting as well as to the lived experiences of postgraduate students and academics The chapters include themes relevant on individual group and organisational levels and are intended to contribute to the body of knowledge in the field

Sustainable Development Goals for Society Vol. 1 Godwell Nhamo,Muchaiteyi Togo,Kaitano Dube,2021-06-16 Written by 43 authors from Africa Europe and Latin America this book presents 19 topics addressing poverty in the context of Sustainable Development Goals SDGs leadership in implementing SDGs and SDGs in service delivery and local government As the world has gone past five years of implementing the 2030 Agenda for Sustainable Development and the intertwined 17 SDGs new opportunities in research continue to open up Hence documenting some of the initiatives put in place around the world

regarding the implementation of the SDGs is one of the aims of this publication With 10 years remaining the book further enhances the desire to scale up SDGs implementation The selection of case studies from the selected regions also provides a balance in terms of how the SDGs are being rolled out for economic growth environmental stewardship and social protection The ambition remains even with the challenge brought by the COVID 19 pandemic that preoccupied the whole of 2020 spilling over to 2021 There is no doubt that resources have been diverted but the world must stay on the course to 2030 and beyond Therefore the book is relevant for several stakeholders including the academics development partners government officials and other individuals that are involved in making sure no one is left behind in the lead to 2030

The Role of Higher Education Institutions in Climate Change Adaptation and Mitigation Ravinesh Rohit Prasad, 2025-03-08 This book provides the readers with a description of climate change and the role of the University in promoting climate change education It explores the Higher Education Institutions HEIs curriculum at various universities worldwide and how they have incorporated climate change into the university wide programs The book also looks at the causes and impacts of climate change and the countries most affected by this phenomenon particularly Fiji and Indonesia It describes how the various sectors such as health agriculture and tourism have been impacted by climate change This book also summarizes the roles of United Nations Organizations in implementing climate change education at universities The importance of climate change education is expressed in terms of adaptation and mitigation and to foster resilience adaptability and adaptation to climate change The role of university student organizations aimed at environmental protection for climate change adaptation and mitigation is also discussed in this book
