PUT ME
ON THE
FRIDGE!

We've got your back

Year 12s, what a year it has been so far! We want you to know that through all of this change, we've got your back. UniSA has many pathways in addition to the ATAR, so you will never be disadvantaged. Check out our dedicated website for Year 12s that explains the different ways you can gain entry into your preferred degree at UniSA.

unisa.edu.au/year-12

1 Choose

Now is the time to decide. Gather all the information you need by exploring our website, reading our study and career guides, and connecting with us through our event series. You can also consider a guided campus tour. Choose what careers you're interested in and what degrees you want to study; check you have the prerequisite subjects, and make sure you understand the entry requirements.

unisa.edu.au/study

Tip: If you have questions about your study options, connect with our Future Student Enquiries team or attend an event throughout August.

KEY DATES

9 - 26 August 2020: Open August will kick-start with a virtual event where you can access presentations on demand and explore your study and career options, while connecting with teaching staff and current students. You can also step onto your future campus by registering for a guided tour and visiting our information booths.

unisa.edu.au/openaugust

2 Apply

Armed with your list of preferences, you can now apply to study at UniSA through the SATAC website. If you need help with your application, check out our self-help resources.

unisa.edu.au/apply

Tip: Apply to SATAC using your own mobile number and a personal email address – one you can access after high school.

Remember to list your preferences in order of what you're most passionate about. SATAC will work down your list of preferences so it's important to order based on what you would like to study most, not your ATAR.

KEY DATES

3 August 2020: SATAC applications open.

30 September 2020: Early application deadline.

1 December 2020: Equal consideration deadline.

3 Check and confirm

Year 12 results are in and you may be eligible for Adjustment Factors. Login to your SATAC application to confirm your Selection Rank (ATAR + Adjustment Factors) then call us to talk through your study options.

Also, check to see if you're eligible for Guaranteed Entry into your preferred UniSA degree. The best place to start is our online ATAR > Degree Finder.

unisa.edu.au/atar-degree-finder

unisa.edu.au/guaranteed

It's important to confirm your preferences by the change of preference deadline to be considered for an offer in the main January offer round.

Tip: Remember to pay your SATAC application fee. If you don't you won't be eligible to receive an offer.

KEY DATES

7 January 2021: Change of preference deadline.

4 Respond

The main offer round in January will consider all preferences. For some degrees, applicants who have not received the Selection Rank required may be offered a place based on the grades of their Year 12 subjects.

unisa.edu.au/selection-by-grades

If you don't receive an offer in this round, there are further offer rounds later in January and throughout February.

If you do receive an offer, read your SATAC email carefully for important information about responding to your offer and the program enrolment process.

Not the result you expected? You can also explore our wide range of alternative pathway options into university.

unisa.edu.au/year-12

Tip: Didn't get an offer? Contact Future Student Enquiries to discuss your options.

KEY DATES

15 January 2021: Main January offer round.

25 January 2021: Response deadline for January.

5 Prepare

Your university adventure starts here. Visit your new student portal for your next steps, including our step-by-step video on how to enrol.

You should also plan to attend Orientation, which will give you the opportunity to explore your campus, find lecture rooms and make new friends.

unisa.edu.au/newstudents

Tip: Make it a priority to attend orientation activities. O-Week is the best time to sign up for UniSA Sport, connect with your student association and explore different clubs and societies.

KEY DATES

22 February 2021: Orientation at UniSA.

1 March 2021: UniSA classes commence.

Hilton Judin

Unisa Degrees Brochure For 2015:

Architecture, State Modernism and Cultural Nationalism in the Apartheid Capital Hilton Judin, 2021-04-08 This book is the first comprehensive investigation of the architecture of the apartheid state in the period of rapid economic growth and political repression from 1957 to 1966 when buildings took on an ideological role that was never remote from the increasingly dominant administrative legislative and policing mechanisms of the regime It considers how this process reflected the usurpation of a regional modernism and looks to contribute to wider discourses on international postwar modernism in architecture Buildings in Pretoria that came to embody ambitions of the apartheid state for industrialisation and progress serve as case studies These were widely acclaimed projects that embodied for apartheid officials the pursuit of modernisation but carried latent apprehensions of Afrikaners about their growing economic prospects and cultural estrangement in Africa It is a less known and marginal story due to the dearth of material and documents buried in archives and untranslated documents Many of the documents drawings and photographs in the book are unpublished and include classified material and photographs from the National Nuclear Research Centre negatives of 1960s from Pretoria News and documents and pamphlets from Afrikaner Broederbond archives State architecture became the most iconic public manifestation of an evolving expression of white cultural identity as a new generation of architects in Pretoria took up the challenge of finding form to their prospects and beliefs It was an opportunistic faith in Afrikaners who urgently needed to entrench their vulnerable and contested position on the African continent The shift from provincial town to apartheid capital was swift and relentless Little was left to stand in the way of the ambitions and aim of the state as people were uprooted and forcibly relocated structures torn down and block upon block of administration towers and slabs erected across Pretoria This book will be of great interest to students and scholars of architectural history as well as those with an interest in postcolonial studies political science and social anthropology
