NIGHT SKY EMPIRE

Stars twinkle like jewels,
In a velvet blanket,
The moon shines so bright,
Queen of the night sky.

Planets dance around it,
Mars and Venus play,
Galaxies swirl and spin,
In the dark ballet.

Whispers of the breezes,
Carry secrets to me,
Dreams float like soft clouds,
In the vast, deep sea.

Nighttime brings us magic,
An empire so grand,
Close your eyes and wish,
On stars in dreamland.

Baal and the Politics of Poetry Aaron Tugendhaft, 2017-11-01 Baal and the Politics of Poetry provides a thoroughly new interpretation of the Ugaritic Baal Cycle that simultaneously inaugurates an innovative approach to studying ancient Near Eastern literature within the political context of its production The book argues that the poem written in the last decades of the Bronze Age takes aim at the reigning political theological norms of its day and uses the depiction of a divine world to educate its audience about the nature of human politics By attuning ourselves to the specific historical context of this one poem we can develop more nuanced appreciation of how poetry politics and religion

New and Complete Edition of Ossian's Poems, 1823 **Chinese Narrative Poetry** Dore Jesse Levy, 1988 Chinese Narrative Poetry brings a new perspective to some of China's best loved and most influential poems including Ts'ai Yen's Poem of Affliction, Po Chu-yi's Song of Everlasting Sorrow and Wei Chuang's recently discovered Song of the Lady of Ch'in. Composed in the shih form during the Late Han, Six Dynasties and T'ang periods, these poems stand out as masterworks of narrative art. Yet paradoxically, their narrative qualities have been little recognized or explored in either traditional Chinese or modern Western scholarship. The reason for this neglect is that Western literary traditions acknowledge their origins in epic poetry and thus take narrative for granted, but the Chinese tradition is fundamentally based on lyric and does not admit of a separate category for narrative poetry. Drawing on both classical Chinese critical works and the most recent Western contributions to the theory of narrative, Levy shows how narrative elements developed out of the lyrical conventions of shih. In doing so, she accomplishes a double purpose: guiding the modern reader to an understanding of the nature of narrative in Chinese poetry and shedding light on the ways in which Chinese poets adapted the devices of lyric to the needs of a completely different expressive mode. Students of Chinese literature will welcome this pathbreaking study, but Chinese Narrative Poetry will interest other scholars as well, because it addresses questions of crucial importance for literary theory and comparative literature, particularly the central issue of the applicability of Western critical concepts to non-Western literature and culture.

Varieties of Seventeenth- and Early Eighteenth-century English Radicalism in Context Ariel Hessayon, David Finnegan, 2011 The essays in this collection explore significant questions regarding the terms radical and radicalism in early modern England. They investigate whether we can speak of a radical tradition and whether radicalism was a local, national or transnational phenomenon. It looks at the role of migration and exchange of ideas, images and texts in the history of supposedly radical events, ideologies and movements or moments. Offering a timely reassessment of the subject, it reflects the latest research on seventeenth-century British and Irish radicalism.
