Father Candy **Neon Visions** Brannon Costello, 2017-10-11 Neon Revelations tracks the groundbreaking career of comics innovator and iconoclastic auteur Howard Chaykin and the impact of his work on the transformation of American comic books in the 1980s. Acclaimed and often controversial projects such as *American Flagg*, *Time2* and *Black Kiss* turned action-packed adventure tales of mainstream comics into a platform for personal expression, political engagement and aesthetic experimentation. Chaykin remains a vital and prolific artist today yet despite the original and influential nature of his comics he has received scant critical attention. Spanning Chaykin's career from his 1980s heyday to the contemporary period, the first book-length study of Chaykin's work locates the unique power of Chaykin's comics in their inventive explorations of the question of authenticity in popular culture. It examines the ways in which Chaykin's work, which demands a mode of reading that is alive to the distinct affordances of the comics medium and the complexities of its history, reveals the limitations of valuing comics narrowly as literature.

American Mirror Deborah Solomon, 2013-11-05 A NEW YORK TIMES BOOK REVIEW NOTABLE BOOK OF THE YEAR A FINALIST FOR THE LOS ANGELES TIMES BOOK PRIZE IN BIOGRAPHY AND SHORTLISTED FOR THE PEN JACQUELINE BOGRAD WELD AWARD FOR BIOGRAPHY. Welcome to Rockwell Land writes Deborah Solomon in the introduction to this spirited and authoritative biography of the painter who provided twentieth-century America with a defining image of itself. As the star illustrator of *The Saturday Evening Post* for nearly half a century, Norman Rockwell mingled fact and fiction in paintings that reflected the very people, communitarian ideals of American democracy: Freckled Boy Scouts and their mutts, sprightly grandmothers, a young man standing up to speak at a town hall meeting, a little black girl named Ruby Bridges walking into an all-white school. Here was an America whose citizens seemed to believe in equality and gladness for all. Who was this man who served as our unofficial artist in chief and bolstered our country's national identity? Behind the folksy pipe-smoking facade lay a surprisingly complex figure: a lonely painter who suffered from depression and was consumed by a sense of inadequacy. He wound up in treatment with the celebrated psychoanalyst Erik Erikson. In fact, Rockwell moved to Stockbridge, Massachusetts, so that he and his wife could be near Austen Riggs, a leading psychiatric hospital. What's interesting is how Rockwell's personal desire for inclusion and normalcy spoke to the national desire for inclusion and normalcy, writes Solomon. His work mirrors his own temperament: his sense of humor, his fear of depths, and struck Americans as a truer version of themselves than the sallow, solemn, hard-bitten Puritans they knew from eighteenth-century portraits. Deborah Solomon, a biographer and art critic, draws on a wealth of unpublished letters and documents to explore the relationship between Rockwell's despairing personality and his genius for reflecting America's brightest hopes. The thrill of his work, she writes, is that he was able to use a commercial form—that of magazine illustration—to thrash out his private obsessions. In *American Mirror*, Solomon trains her perceptive eye not only on Rockwell and his art but on the development of visual journalism as it evolved from illustration in the 1920s to photography in the 1930s to television in the 1950s. She offers vivid cameos of the many famous Americans whom Rockwell counted as friends.
