Radical Intimacy in Contemporary Art Keren Moscovitch, 2023-09-07 Radical Intimacy in Contemporary Art focuses on practices that operate at the edges of sexuality and its socially sanctioned expressions Using psychoanalysis and object oriented feminism Keren Moscovitch focuses on the work of several contemporary provocative artists to initiate a dialogue on the role of intimacy in challenging and reimagining

Calvino and the Age of Neorealism ,1990-08 Italo Calvino s reputation as one of the great writers of our century rests chiefly on his allegorical fables and fantastic narratives whose inventiveness irreverence and elegant style are universally admired In this study the author focuses on Calvino s first novel The Path to the Nest of Spiders 1947 because in it she discerns a critical point of origin for Calvino s entire ethics of writing She shows how in The Path he challenges the poetics of objectivity of the Italian neorealists movement and offers a complex and ironic representation of the anti Fascist armed resistance in Italy Situating Calvino s early work in its historical and cultural context the author reassesses Italian neorealism in terms of the theories and critical debates about realism of such critics as Lukacs Sartre Brecht Adorno and Barthes She analyzes neorealism s narrative practices and cultural and political implications while setting neorealism in the context of the resistance and the postwar Reconstruction in Italy and giving readings of major neorealist texts novels by Pavese and Vittorini films by Rossellini Visconti and others as well as relatively obscure minor ones The heart of the book consists of readings of The Path from four different but intersecting critical perspectives formalist narratological sociohistorical psychoanalytic and Bakhtinian The readings assess the importance of Calvino s beginnings for the body of his

work and incorporate relevant references to his later fiction and critical essays Out of these multiple readings the ironic estrangement of the real through the act of writing itself emerges as his key narratological strategy
