The Magic Of Telephone Evangelism:

The Magic of Telephone Evangelism Harold E. Metcalf, 1967 *Two-way Telephone Evangelism* Jack Bruce Bohannon, 1969 Profile of a Religious Man Edwin Zackrisson, 2020-11-11 This book is a journey book Sitting down at a computer and producing the story has been a grand trek I have learned that there is a principle in nature that some things need to mellow calm down and soak in The refusal of winemakers to take a wine before its time is a notion I am coming to understand It works with writers as well Like a fetus signaling its mother that it is time to head for the hospital a literary work stays in the mind until its time In my education I have read of the battles of great Church leaders who were eventually thrown out of their churches In my denominational education I was largely led to see them as heretics rebels eccentrics revolutionaries apostates and as generally representing a lower form of spirituality Church education often asked me to surrender my biases in favor of accepting a new set of assumptions my denominational ones We were to be critical of everything except our organization I submit that there is danger in that This book will cover incidents from the first forty years of my life as a religious addict You may find something here that you can identify with **Secular Steeples 2nd Edition** Conrad Ostwalt, 2012-11-29 The Scandinavian Nordic countries of Denmark Norway Sweden and Finland experienced the effects of the German invasion in April 1940 in very different ways Collaboration resistance and co belligerency were only some of the short term consequences Each country s historiography has undergone enormous changes in the seventy years since the invasion and this collection by leading historians examines the immediate effects of Hitler s aggression as well as the long term legacies for each country s self image and national identity The Scandinavian countries war experience fundamentally changed how each nation functioned in the post war world by altering political structures the dynamics of their societies the inter relationships between the countries and the popular view of the wartime political and social responses to totalitarian threats Hitler was no respecter of the rights of the Scandinavian nations but he and his associates dealt surprisingly differently with each of them In the post war period this has caused problems of interpretation for political and cultural historians alike Drawing on the latest research this volume will be a welcome addition to the comparative histories of Scandinavia and the Second World War **Secular Steeples** Conrad Ostwalt, 2003-03-24 Conrad Ostwalt explores the confluence of religion and popular cultural forms in the secular world demonstrating that a secular religiosity has co opted some of the functions previously reserved for religions institutions **Catalog of Copyright Entries.
