## **The Manual What Women Want:**

*The Manual* W. Anton, 2010 Describes what women seek in a man and the steps a man needs to take to win women over

*The Manual* Terry Dennis, 2005-07-19 The Manual will not tell you how to repair your car or your lawn mower or how to hook up your stereo set If you read The Manual here is a glimpse of what you will get the answers to a few questions and what you should do when a woman asks you Do I look fat in this dress Answer her truthfully even if the answer is yes Tell her tactfully if her hair is a mess There are other things this manual will do and I must warn you at times it will be lewd crude and downright rude Men this manual is especially for you Women please take a moment to decide if you wish to continue reading through

*The Manual* David J. Nowel, 2014-12-05 This book is controversial because it attacks a system that has been around for a hundred or more years It stings the male ego The book is provoking and it attacks the foundation of our societys hypocrisy especially the males relationship to woman It follows after the authors first novel Spacestation ARK that shows a way in the future for fulfilling the males sexual needs This is a harsher book not a men are from Mars and women are from Venus but a book of how men are from the Sun and women are from Pluto Its a tongue in cheek dialogue that every man will understand We say it with every breath we breathe We cant live with them and yet we cant live without them But we wish we could find a way to live without them for just a while longer I know the humor of it all will show through because as males we have all been there in some way or other For Males Only is a manual for men advice to men on methods to avoid relationships with women The result and reward for following the program as outlined is to either make more money or to end up keeping the money rather than spending a lot of time just wining and dining The advice given will most definitely serve its purpose if followed religiously This advice if you will is by no means meant to be a guide on how to avoid women completely however in some cases you may want to Ex wives goldiggers unless shes digging gold for you and neurotics should be taken off your list of potential dating material even if she does insist on picking up the tab or meeting you half way In other words its your way or no way This indeed is a must have for any library particularly yours
