Rescaling municipal governance amidst political competition in Gauteng: Sedibeng's proposed re-demarcation Thembanani

Mkhize,2021-08-27 In 2011 the Gauteng Provincial Government proposed that Sedibeng a Category C district municipality located in the province should be restructured Although the original proposal had anticipated that this would happen after the 2016 local elections the issue remains unresolved due largely to fierce party political opposition and vociferous protests against it on the ground This Occasional Paper examines the dynamics particularities peculiarities and challenges of re demarcating the Gauteng City Region While informed by technical reasons the arguments for and against the merger have tended to gravitate more towards party political rationales for why the re demarcation should or should not go ahead Although these debates raise important merits and demerits for the proposal they are difficult to disentangle from the interests of those whose fortunes would be changed by restructuring In this environment municipal demarcation risks being held hostage by party politics with stakeholders such as political parties using any means at their disposal to have things go their way including by scapegoating the Municipal Demarcation Board MDB The case of Sedibeng presents important lessons about attempts to make post transition local government and mechanisms for determining its configuration work for Gauteng It also highlights the need for strengthening and revising demarcation related legislation How can we make sure that the MDB functions effectively with respect to its primary goals

Desmond Tutu John Allen,2008 Written by a distinguished journalist and longtime associate of Desmond Tutu this definitive biography captures the flavor and details of Tutu s life while shedding light on the struggles and triumphs of modern society Drawing on personal experiences with Tutu as well as unprecedented access to his papers this account explores how Tutu transformed from a barefoot schoolboy in a deprived black township into an international symbol of the democratic spirit and religious faith During face to face confrontations with South African leaders and violent protests in the streets Tutu maintained his faith in the power of peace and when appointed to head the Truth and Reconciliation Commission Tutu seized upon it as an instrument of healing and redemption Through his moral example and his lyrical command of language he has successfully appealed to the conscience of the world and brought a whole new meaning to the phrase human rights

Rabble-Rouser for Peace John Allen,2006-10-03 South African journalist John Allen movingly captures Desmond Tutu s life in a commanding story that sheds light on the struggles and triumphs leading up to Tutu s Nobel Prize for his leadership in the resistance against apartheid in South Africa To be a rabble rouser for peace may seem to be a contradiction in terms And yet it is the perfect description for Desmond Tutu Nobel laureate and spiritual father of a democratic South Africa Tutu understood that justice a genuine regard for human rights is the only real foundation for peace So he stirred up trouble courageously engaging in heated face to face confrontations with South Africa s leaders he stirred up trouble in the streets leading peaceful demonstrations amid the barely controlled fury of police battalions he stirred up trouble on the world stage seeking international disinvestment in the apartheid economy Tutu has led one of the great lives of the late twentieth and early twenty first centuries and to read his story in full is to be reminded of the power of one inspired man to change history In this authorized biography written by John Allen a

distinguished journalist and longtime associate of Tutu we are witnesses to courage stirring oratory and a demonstration of the power of faith to transform the seemingly intransigent Through the author s personal experiences total access to the Tutu family and their papers and considerable research including the use of new archival material Allen tells the story of a barefoot schoolboy from a deprived black township who became an international symbol of the democratic spirit and of religious faith
