Satifka, 2021-11-09 The apocalypse can take many forms Possibly our end will come by way of an addictive cell phone game that manipulates its users into a crowd sourced mass murder Or perhaps our downfall involves aliens drugging us into bliss and then taking it away Maybe it'll be technological redundancy that leaves loved ones without a purpose or corporations replacing the natural world with creatures more amenable to market pressure All these apocalypses and many more can be found in Erica L Satifka's debut collection which gathers together twenty three short stories from the past decade **Romance Fiction** Kristin Ramsdell, 2012-03-02 A comprehensive guide that defines the literature and the outlines the best selling genre of all time romance fiction More than 2 000 romances are published annually making it difficult for fans and the librarians who advise them to keep pace with new titles emerging authors and constant evolution of this dynamic genre Fortunately romance expert and librarian Kristin Ramsdell provides a definitive guide to this fiction genre that serves as an indispensable resource for those interested in it including fans searching for reading material as well as for library staff scholars and romance writers themselves This title updates the last edition of *Romance Fiction A Guide to the Genre* published in 1999 While the emphasis is on newer titles many of the important older classics are retained keeping the focus of the book on the entire genre instead of only those titles published during the last decade Specific changes include new chapters on linked and continuing romances a new section on Chick Lit in the Contemporary Romance chapter an expansion of coverage on the alternative reality subset This is THE romance genre guide to have *'Guilty Pleasures'* Alice Guilluy, 2021-11-04 In *Guilty Pleasures* Alice Guilluy examines the reception of contemporary Hollywood romantic comedy by European audiences She offers a new look at the romantic comedy genre through a qualitative study of its consumption by actual audiences In doing so she attempts to challenge traditional critiques of the genre as trite escapism at best and

dangerous guilty pleasure at worst Despite this cultural anxiety little work has been done on the genre's real audiences Guilluy addresses this gap by presenting the results of a major qualitative study of the genre's reception based on interview research with rom com viewers in Britain France and Germany focusing on Sweet Home Alabama 2002 dir Andy Tennant Throughout the interviews participants attempted to distance themselves from what they described as the typical rom com viewer the uneducated gullible overly emotional American woman Guilluy calls this fantasy figure the phantom spectatrix Guilluy complements this with a critical examination of the press reviews of the 20 biggest grossing rom coms at the worldwide box office in order to contextualise the findings of her audience research **Web of Lies** Jennifer
