Works Of Love Kierkegaards Writings Volume 16 Sren Kierkegaard:

Encounters with Nineteenth-Century Continental Philosophy, 2023-12-04 With figures such as Fichte Schelling Hegel Kierkegaard Feuerbach Marx Engels and Nietzsche the nineteenth century was a dynamic time of philosophical development The period made lasting contributions to several fields of philosophy Moreover it paved the way for the development of the social sciences at the turn of the twentieth century This volume is dedicated to exploring the rich tradition of nineteenth century Continental philosophy in its different areas with the main purpose of highlighting the importance of this tradition in the development of the leading streams of thought of the twentieth and twenty first century

Creation and Transcendence Paul J. DeHart, 2021-04-08 This is a creative scholarly argument revisiting the substance understanding and implications of the doctrine of creation ex nihilo for contemporary theology and philosophy Paul J DeHart examines the special mode of divine transcendence God s infinity and investigates areas where accepting an infinite God presents challenging questions to Christian theology He discusses what saving knowledge or faith would have to look like when confronted by such an unlimited conception of deity and ponders how the doctrine of God s trinity can be brought into harmony with radical notions of transcendence as well as ways the doctrine of creation itself is threatened when the radical otherness of the creator s mind is not maintained DeHart engages with a diverse range of figures Jean Luc Marion Schleiermacher Kierkegaard Kathryn Tanner John Milbank and Rowan Williams to illustrate his conviction This volume deals with deep conceptual issues indicating that creation ex nihilo remains a lively topic in contemporary theology

Transforming Philosophy and Religion Norman Wirzba, Bruce Ellis Benson, 2008-05-07 Norman Wirzba Bruce Ellis Benson and an international group of philosophers and theologians describe how various expressions of philosophy are transformed by the discipline of love What is at stake is how philosophy colors and shapes the way we receive and engage each other our world and God Focusing primarily on the Continental tradition of philosophy of religion the work presented in this volume engages thinkers such as St Paul Meister Eckhart Kierkegaard Husserl Heidegger Ricoeur Derrida Marion Zizek Irigaray and Michele Le Doeuff Emerging from the book is a complex definition of the wisdom of love which challenges how we think about nature social justice faith gender creation medicine politics and ethics **The Hug** Asafa Tafarra Dibaba, 2011-08-31 In The Hug there can be a nasty side like anything else but that is not all the book brings to the table Behind the poems is struggle Struggle of the oppressed Struggle of the poet with personal ayana spirit Pain laughter Success failure Much love no much hate Politics and poetics of exile or raided humanity And faith I said faith But what do we have faith in if one soul s god is anothers stone It is just believe it and not The meaning is in the common ground **Love and Christian Ethics**

Frederick V. Simmons, 2016-12-15 At the heart of Christian ethics is the biblical commandment to love God and to love one s neighbor as oneself But what is the meaning of love Scholars have wrestled with this question since the recording of the Christian gospels and in recent decades teachers and students of Christian ethics have engaged in vigorous debates about

appropriate interpretations and implications of this critical norm In Love and Christian Ethics nearly two dozen leading experts analyze and assess the meaning of love from a wide range of perspectives Chapters are organized into three areas influential sources and exponents of Western Christian thought about the ethical significance of love perennial theoretical questions attending that consideration and the implications of Christian love for important social realities Contributors bring a richness of thought and experience to deliver unprecedentedly broad and rigorous analysis of this central tenet of Christian ethics and faith William Werpehowski provides an afterword on future trajectories for this research Love and Christian Ethics is sure to become a benchmark resource in the field
