MD

Jennings, 2017-09-05 The key to spiritual and emotional health is to grasp the truth of God's transforming love for us and then let that reality influence our own hearts and relationships It seems simple but we are experts at complicating simple things

Instead of living lives characterized by love we find ourselves trapped in cycles of shame violence and addiction that steal our joy and keep us from loving others so much so that by all indications Christians are living no differently than anyone else when it comes to abuse rates use of pornography alcohol and drug addiction and more Christian psychiatrist Dr Timothy Jennings wants to release us from this prison With powerful illustrations from case studies and from Scripture Jennings shows believers who are stuck in addiction violence fear and broken relationships how to experience true freedom through God s transforming love to experience greater health fulfillment and well being

**The Nine Veils** Nicholas Matthews,2019-09-10 From the Author My God is kind compassionate merciful and he loves me Yet there are questions that arise there are accounts of God that seem contradictory to my simplicity and there are accusations against God that can leave me struggling for an explanation At times I ve been confused by the concept of God s love and the reality of life and there often existed a dichotomy between the two I wrote this book after numerous conversations with friends who regardless of their spiritual journey have experienced similar thoughts or have simply ignored some of the hard questions of life and faith Common societal thinking in many areas is moving towards a position where people regard God as an outdated fairy tale with a sinister undertone leading to apathy or resentment towards God This is far removed from my notion of a living and loving God who is kind compassionate and merciful Embarking on my personal journey of discovering God s reputation I have a hunch that I m not alone I need to explore God and find comfort with the answer Would you join me on this journey of discovery Maybe all the dots haven t been joined and some of the joined dots remain open to interpretation yet the line I ve used to join the dots is what I know of the underlying nature and character of God

*I Promised God* Dinny Lawrance,2005 I Promised God is a true human interest story It deals with a family s anguished unyielding fight to save a son from the worst that life can deal us Yet it is also a story of survival My hope as the author and mother of a courageous son whose life was lost for two decades is that in sharing our family s story with others they might find strength in it for their own lives The story covers the complex environment of my oldest son s early years his developing character of kindness and positive influence strikingly evident until he reaches adolescence when his promising young life is suddenly dead ended by circumstances beyond his understanding or control The reason for writing this story is to fulfill a promise I made to God at a dark seemingly hopeless moment It is my desire that by revealing an intimate chronicle of our lives I might reach someone who is suffering and in need of the means that helped me maintain the emotional intellectual and physical energy to cope with prolonged disaster And through the story I hope to send the reader a personal message Even if you are often alone desperately trying to help your loved one find and indulge in activities that sooth you and give you peace You will regenerate strength to persevere for your loved one and help other family members meet their needs as well I believe that God gave us each other so that no one need ever walk or cry alone

**Kingdom Without Borders** Miriam Adeney,2009-11-18 The twenty first century has opened with a rapidly changing map of Christianity While

its influence is waning in some of its traditional Western strongholds it is growing at a phenomenal pace in the global South Miriam Adeney has lived traveled and ministered widely In this book she pulls back the veil on real Christians around the world their faith their hardships their triumphs and yes their failures and shares the inspiring and challenging story of a kingdom that knows no borders      **Rise & Shine** Charles R. Annie Hansen a schizophrenic private eye is tasked with solving the murders of the town mayor and a local doctor in the small town of Serendipity Canada Together with handsome detective Mark Snow they set to bring the killer to justice But Annie is haunted by her past unable to overcome the darkness she s been carrying for her whole life Soon the investigation takes a surprising turn when Annie and her boyfriend find themselves among the suspects What is the cryptic message left on the late doctor s charts and who is responsible for the crimes      Psychology of Gender Identity Kam-Shing Yip,2006

Gender encompasses biological sex but extends beyond it to the socially prescribed roles deemed appropriate for each sex by the culture in which we live The gender roles we each carry out are highly individualistic built on our biological and physical traits appearance and personality life experiences such as childhood career and education and history of sexual and romantic interactions Each element influences perceptions and expectations Gender related experiences influence and shape the ways we think about others and ourselves including self image behaviour mood social advancement and coping strategies This book brings together leading international research devoted to this subject      **Faith and Spirituality in Masters of World**

**Cinema** Kenneth Robert Morefield,2008 Faith and Spirituality in Masters of World Cinema is a fascinating introduction to spiritual aspects in the works of some of the greatest filmmakers in the world like Bergman Dreyer and Tarkovsky Avant Garde director Pedro Costa and Hollywood s golden boy Guillermo del Toro It covers directors from around the world and shows diverse manifestations of spirituality in film everything from how camera movements can imply spirituality to specific religions like Islam and Christianity Faith and Spirituality in Masters of World Cinema is a welcome addition to a growing library on religion and film Thorkell Ottarson The essayists in Faith and Spirituality in Masters of World Cinema offer provocative studies of the often uneasy relationship that exists between religion and film faith and reason They never shy away from their critical burden challenging readers to delve deeply and think more forcefully about the ethics and values that shape our culture and our lives Faith and Spirituality in Masters of World Cinema dares us to reconsider what it means to be whole and holy across the great history of film It is a spiritual and critical journey of the highest magnitude Dr Kenneth Womack Chair of the English Department Penn State University at Altoona Not many works of art would withstand the rigorous examination of the kind in this collection but Kenneth Morefield and his contributors have chosen well They ve chosen filmmakers whose work not only withstands but seems to grow under the bright light of careful consideration I m not familiar with all of them which makes the collection a useful map to the currents that run below their surfaces but I also

found new ways to appreciate Pedro Costa and the Dardenne brothers whose films I've admired even loved but never thought about in quite this way. Reading the essays together I discovered that this group of filmmakers while distinct in their beliefs, approaches and aesthetics are all striving to reawaken our senses and by capturing something concrete they're looking for something invisible. That they've found so many ways to do this from Del Toro's physically rooted fantasy to Costa's material world proves that cinema may not be dead just yet even with the twentieth century in the rear view mirror. I applaud her for the peace and solace that she has brought to so many. Montel Williams: The world's most acclaimed psychic. Sylvia Browne, the New York Times bestselling author of *Life on the Other Side*, *All Pets Go to Heaven*, *Contacting Your Spirit Guide* and more, returns with a rare and riveting look at the lives of some of our favorite celebrities after their deaths. How do Elvis Presley, Heath Ledger, John Lennon and others view their time on Earth? After they have shuffled off this mortal coil, what wisdom do they wish to send back to us? Sylvia Browne's moving look at these once larger-than-life heroes is a captivating voyage into the secrets they hold beyond the void. **Prophetic Charisma** Len Oakes, 1997-12 Drawing on structured interviews and psychometric tests of eighteen leaders of charismatic groups in New Zealand and extensive readings of biographies of prophets, psychologist Oakes delineates five life stages and a dozen personality traits of prophets.
