Muslimah's Musings Anam Fatima, 2025-06-06 Muslimah's Musings is a fresh collection of 74 poems written over a span of a decade meant to be the dew drops of thoughts and recollections of a Muslimah who's giving voice to thousands of unsaid emotions. There were pebbles of all sizes on the road she tread and despite it all she chose to write, inspire and befriend every other co-passenger on the unpredictable road of life. Smaller pebbles were picked and painted while she created a castle of heart-felt words from the bigger setbacks of existence. Being a Muslimah is a journey and not a destination. It's about patience, perseverance and continuous efforts towards improvement with the sole aim of seeking the pleasure of Allah. Some remember the moon for its spots. Some for its ravishing beauty. Your light might be dark for so many. But to keep shining is your duty. AF

Where The Sky Remembers Us Mohan R, 2025-03-10 This is not just a love story; it is a tale that will hold your heart and refuse to let go. A collision of two souls never meant to meet. A boy from Shillong, an exceptionally brilliant corporate strategist and self-made millionaire, a man who has built his empire on a foundation of discipline, ambition and control. A girl from Dehradun, bold, free-spirited, a travel influencer who lives life on her own terms, chasing dreams, embracing the present and never backing down. They were never supposed to cross paths. Yet fate throws them together in the bustling heart of Mumbai where their worlds collide, shatter and ignite in ways neither could have foreseen. From furious debates to stolen looks. From passionate events to moving battles. From embracing the present to daydreaming about the past. From unquestionable attraction to the kind of love consuming you. Still, love is never enough. Not when family ambition and previous hurts seem ready to tear them apart. Love can build. Love can break. But sometimes love must bleed. Just when they believe they have fought for their happily ever after, one choice changed everything. A sacrifice too great. A twist too cruel. A moment that leaves them questioning. Was their love powerful enough to defy destiny itself? Or were they simply two souls colliding only to be torn apart.

Paranormal Encounters in Iceland 1150-1400 Ármann Jakobsson, Mariusz Mayburd, 2020-03-23 This anthology of international scholarship offers new critical approaches to the study of the many manifestations of the paranormal in the Middle Ages. The guiding principle of the collection is to depart from symbolic or reductionist readings of the subject matter in favor of focusing on the paranormal as human experience and essentially on how these experiences are defined by the sources. The authors work with a variety of medieval Icelandic textual sources including family sagas, legendary sagas, romances, poetry, hagiography and miracles, exploring the diversity of paranormal activity in the medieval North. This volume questions all previous definitions of the subject matter, most decisively the idea of saga realism, and opens up new avenues in saga research.

Visions of Eternity Michael R Bundy,2017-06-20 sions of Eternity is the companion volume to Prophets without Honour Matador 2011 which explored the forgotten melodies of Charles Marie Widor Louis Vierne and Charles Tournemire The present work continues that study but with regard to the largely unknown choral

works and operas by these same composers it also expands upon the mores of Parisian Musical society 1870 1939 and discusses in greater detail than before the prevalent influences and restrictions which might have had a bearing on a young composer Widor's printed and unpublished works are discussed as are those of his pupil Louis Vierne alongside a more detailed and possibly provocative discussion of the latter's life and loves and their relevance to that composer's compositions His completely unknown cantate lyrique Praxino is also revealed The greater part of Visions of Eternity is given over to a discussion of the influences that affected another of Widor's pupils Charles Tournemire in both temporal and theological terms His individual musical language discussing both his use of traditional Latin and Indian chants quixotic character and amours are also investigated This is a book of great musical relevance for it deals with composers and issues which greatly influenced later French musicians particularly Maurice Duruflé Jean Yves Daniel Lesur Jean Langlais and Olivier Messiaen these in turn passed their knowledge to more contemporary composers Whilst this book has been researched in great depth its content is delivered with a light occasionally humorous touch This is not a dry academic work but one for both the cognoscenti and enthusiast alike
