The L.A. Journal Lance Chadwick Davis, 2015-06-19 This diary records the details emotional and salacious of two periods in the life of an academic In 1989 his wife of twenty years was killed instantly while driving to work Six months later he fell into a romantic relationship with a former student as he tried to cope with the loss of his wife He kept a diary in which he recorded his emotional conflicts when he faced the hard choice of disconnecting from his first love while rearing his teenage daughter as a single parent and rediscovering romance with five different women during the course of the next three years Its all there The overwhelming sense of loss the uncertainty of single parenthood his reeducation in sex and romance after nearly twenty years of marriage Its a daily account of a middle aged mans struggles as he forged his way into an entirely new personal life in a coming of age story that usually occurs when men are twenty or thirty years younger Its a tale of belated innocence lost and of uncertainty and surprise about the nature of romance and sex a generation after having first fallen in love You can sense the conflict as he weighs his new experiences and the possibilities that his newfound relationships hold against his cherished memories You can sense his amazement as he relearns what younger women expect from him in terms of sex and romance The diary is put away once his life returns to an even keel and he finally remarries His second wife is a former student and a generation younger But entries into the diary are reinitiated about fifteen years into the marriage and are occasioned by his troubled transition from academia to retirement Once again he is conflicted with a change in his identity and the symptoms of depression take a temporary toll on his marriage His recorded experiences constitute a frank and poignant memoir even though they account for only a handful of years in his life and its likely that adults of all ages will find something within his journal with which they can identify The L A Journal should enjoy broad market appeal since it is teeming with tragedy emotional conflict romance sex depression the relationship between a widower dad and his adolescent daughter rediscovery of self and assimilation of a new life at midlife And all of it is true with events recorded as they occurred

The Wisdom Pot Emmanuel N. Mukanga, 2022-07-19 The Wisdom Pot was inspired by posts on a seniors platform that were meant to help members their

families and friends prepare and navigate through different stages in life While compiling tributes to a fallen colleague the author soon realized that the platform had so many informative educative and entertaining words of wisdom for different ages He collected those he felt could be shared with the wider society because of their relevance and usefulness As the world wrestled with the COVID 19 pandemic tips on protective measures such as sanitizing washing hands and wearing masks featured regularly on the platform So were tips on general health especially for the elder citizens The elders got to learn that proper networking like checking on each other daily can be lifesaving The elders exchanged notes on the mid career getting married bringing up children and finding real happiness What many are ignorant about are the changes that come about in our families jobs and ages Did you know that many married women when they reach 40 50 years and have children become rebellious to their husbands

Want to Borrow Me? Peter Riddle, 2017-10-25 Its always nice to have some idea of what to expect from a book before starting to read it Im happy to oblige Within these pages you will encounter philosophy satire fictional and nonfictional fiction some rants about the state of automobile travel in the twenty first century and even a tiny bit of verse all mixed in with a healthy dose of wisdom gleaned from authors who admittedly have much more right to be in print than I do A word about the fictional and nonfictional fiction if I have done my work successfully you wont be able to tell the difference although members of my family and those who know me well may recognize me themselves and a number of actual events that I have woven into the chapters Some of these tales are memoirs and most are primarily about ideas I have chosen this format to avoid punishing the innocent or the guilty as the case may be I number myself among those in the latter category I leave it to the reader to decide where truth leaves off and fantasy begins Throughout these twenty one chapters prepare to discover an empathetic detective two unbidden pregnancies two exceptional house cats atheists and fanatics an unlikely murderer and two lonely souls at the opposite ends of life I also offer you a fictional professor and his explorations into ethics morality society religion and even the meaning of time a topic of some concern to all of us but especially to those who like myself are running out of that commodity The professors name is Noah Armstrong and in the novella Responsibility he faces a very real crisis in his personal life Noah and his students are amalgams of many persons I have known over thirty six years of full time teaching at Acadia University in Wolfville with a little bit of myself thrown in here and there for good measure You may be tempted to assume that the opinions and positions that emerge from the professors classes are my own Some are some arent If I have learned anything after almost eight decades of living it is that when once I believed I knew a lot about how the universe functions I am now faced with far more questions than answers But that didnt stop me from having my say
