The Casey Anthony Trial Prosecution Of Beauty:

The Casey Anthony Trial - the Prosecution of Beauty C. Rich, 2011-07 Follow a dark and cynical journey through the eyes of a mad blogger as C Rich reveals what he really thought about Casey and her guilt or innocence Did he just publish all those articles to get a rise out of people or did he really believe in the innocence of Casey Marie Anthony Was there contact between C Rich and someone in the inner circle close to Casey Anthony Did C Rich have information unknown to the public during the trial That and all the poetry of madness will be at your fingertips This compilation book of sardonic thoughts stands alone in all the cacophony that has surrounded The Casey Anthony Case **Trial by Internet** Avery Elizabeth Hurt, 2017-07-15 The relative anonymity the Internet provides allows us to assert our knowledge like a professor show off our seemingly perfect lives and judge like we re presiding over a court of law The problem with this relatively new phenomenon is that we often make snap judgments about other people s actions or statements without knowing all of the facts and without giving others the benefit of the doubt This volume dives deep into the realities of the Internet age Do we become different people when we re on the Internet What responsibility do we have in our treatment of others in this new society Is it our place to be virtual judge and jury **Case Studies of Famous Trials and the Construction of Guilt and Innocence** Caroline Gorden, Christopher Birkbeck, 2022-04-11 From the trials of Oscar Pistorius to O J Simpson and Michael Jackson this innovative book provides a critical review of 11 high profile criminal cases These case studies examine how guilt and innocence are constructed in the courts and in wider society using the themes of evidence and narratives credibility rhetoric and oratory in the court room social status vulnerability and false confessions diminished responsibility and the media and social judgments Written for criminology sociology law and criminal justice students the book includes exercises to extend thinking on each case recommended readings for studying the cases and concepts discussed in each chapter an extensive specialist reference list including web links to videos and transcripts pertaining to many of the cases discussed in the book The book delivers an accessible examination of the criminological sociological psychological and legal processes underpinning the outcome of criminal cases and their representation in the media and wider society **Women and Crime** Judith Ann Warner, 2012-07-19 Drawing on government data and interdisciplinary expertise this timely book seeks to explain why the changing economic and legal status of women has not reduced the gender gap in criminal offending Women and Crime A Reference Handbook examines how women s patterns of offending have changed over time in America from the Colonial period to the present The book sets the stage with a historical overview of women s criminal activity Subsequent chapters cover such topics as changes in women s status and patterns of offending the impact of childhood abuse on the development of criminality and how changes in law the War on Drugs and other crime policy have in fact increased the frequency of women s imprisonment and arrests International issues such as legalization of prostitution sex trafficking and women s involvement in organized crime including drug cartels are also explored Each chapter examines theory research law

The New York Post described the trial going from being a new worthy to one of the biggest ratings draws in recent memory and Tim McGinnis dubbed it the ultimate trial of the 21st century Cable news channels and network newsgroomers intent upon viewing the assassination through the lens of the 24-hour news cycle. The Supreme Court did not buy the policy but rather the very tragic human dimension of the case that drove the network to view it. The United Front for HLN Nancy Grace rose more than 150 percent and the new channels doubling the focus on the trial with its ratings double and trial HLN highlighted it more than watched hours in network history 4,575 million and 5,205 million when the verdict was rendered. According to The Christian Post the O.J. Simpson case had a 91 percent television viewing audience with 142 million people listening broadcast while the verdict was delivered. The Simpson was the longest trial ever held in California costing more than 20 million the fight and defense running up 50,000 golf trial transcripts in the Robert Thorne C. Anthony trial was expected to far exceed these numbers. On television where the media's public thirst for ugliness invaded the trial Safon argued the Anthony having been a rugged and unremarkable male with a military background that was intriguing to watch. In a 1995 piece for CNN highlighter Frank Frelund described the circumstantial evidence laced with the recent lying ignominious contradictions and flimsy testimony and questionable or bizarre theories of human behavior it is little wonder that this nation was glued to the tube. He said it was a trial that was both a highlight and a nightmare and believes that much of the public's fixation had to do with the uncertainty of a motive for the crime. Psychologist Karl M. Bridgman described how much the trial was from the international archetype expected of the mother who went so badly to hell in the biological system that mothers don't harm children. He said it is fitting that the defendant in the Anthony found a weak biological father. While we don't know what is true and maybe never will it is worthy of taking a look at the nuclear family when maternal nuclear rules the roost.

Killer Moms Amanda R. Woomer, 2024-10-01 A murder at the hands of a mother is a heartbreaking deviation and a crime against nature. How can a mother commit such an appalling crime? How can she end the lives of the innocents she so recently bore and nurtured? A mother is supposed to be loving, protective, caring, and kind. She is supposed to nurture and guide her children from infancy into childhood and adolescence. The very thought of murdering a child, much less their own child, is not only bizarre but perhaps the most disturbing thought a parent could have. Exploring the ultimate betrayal of a mother's duty, *Killer Moms: True Stories* recounts 31 harrowing tales of motherhood gone wrong, including Rachel David who believed she was married to God, Andrea Yates who systemically executed each of her five children by drowning them, Magda Goebbels, one of the most powerful women in Nazi Germany, the propaganda minister's wife and a Hitler favorite, the ambiguous Casey Anthony case whose acquittal shocked the public, Melissa Drexler, aka The Prom Mom, who hid her pregnancy from everyone, Rosemary West, one of England's most notorious serial killers, Lindsey Nicole Blansett whose solution to ensuring her children wouldn't suffer in the future was to make sure they did not have a future, Nannie Doss, the Giggling Granny who managed to murder four generations of her family in a killing spree that lasted 30 years, Angela Camacho who helped her husband murder her three young children because he believed they were possessed by witches. An unflinching look into humanity's dark side, *Killer Moms* is an unnerving read that delves into the twisted paths, the chilling motives, and the devastating consequences of maternal malice.

Simpson Case Tatjana Neubauer, 2023-02-16 F Scott Fitzgerald once said Show me a hero and I ll write you a tragedy In the 1990s nobody fell deeper than O J Simpson Once considered a national treasure the athlete was accused of brutally slaying his ex wife Nicole Brown and her friend Ronald Goldman on June 12 1994 Within days the media and public developed an unprecedented obsession with the story turning a murder investigation and trial into a sensationalized reality show Tatjana Neubauer examines the mediatization deliberate manipulation and the simplification of popular criminal trials for profit on television She demonstrates that TV conflated legal proceedings into entertainment programming by commodifying events people and places

Portrayals of Bad Mothers in Literature and Popular Culture by Linda Seidel explores the cultural construction of the bad mother in books movies and TV shows arguing that these portrayals typically have the effect of cementing dominant assumptions about motherhood in place or less often of disrupting those assumptions causing us to ask whether motherhood could be constructed differently Portrayals of bad mothers not only help to establish what the good mother is by depicting her opposite but also serve to illustrate what the culture fears about women in general and mothers in particular From the ancient horror of female power symbolized by Medea or more recently by Casey Anthony to the current worry that drug addicted pregnant women are harming their fetuses we see a social desire to monitor the reproductive capabilities of women resulting in more formal and informal surveillance than in material or even moral support *New York Magazine*
