place at the wrong time which is everywhere all the time But what you ll never do is remain the same for this is a world whose very purpose is to challenge you for better or for worse It is a world where frightened commuters will do battle with murderous bikers even as primordial monsters close in and others will take refuge in an underground theme park only to find their worst enemy is themselves Where ordinary people ne er do wells on a cross country motorcycle trip a woman on a redeye flight to Hell a sensitive boy stricken with visions of what s to come will find themselves in extraordinary situations and a gunslinger and his telekinetic ankylosaurus will embark on a dangerous quest A world where travelers will be trapped with an unravelling President of the United States and a band of survivors will face roving packs of monsters and men in post apocalyptic Seattle where rioting teenagers will face deadly predators as well as their own demons while ransacking the nation s capital where a Native American warrior will seek to bury his past and offer an elegy for all the Earth in what remains of Las Vegas In short it is a world where anything can and will happen So take a deep dive into these loosely connected tales of the Dinosaur Apocalypse each of which can be read individually or as a part of the greater saga tales of wonder and terror death and survival blood and beauty Do it today before the apocalypse comes **The Midlife Crisis of Commander Invincible** Neil Connelly,2013-08-07 Once the mighty superhero Commander Invincible thirty nine year old Vincent Shepherd now faces new enemies downsizing a second divorce and the strains of fatherhood Decades ago Vince made a living fighting supervillains huge irradiated insects and androids armed with death rays But when the good guys won the war heroes like Vince grew obsolete Certain that his younger wife is starting to find their marriage as frivolous as his old cape Vince embarks on a scheme to reestablish himself not only as a superhero but as a super dad and a super husband Confronting former allies with long buried secrets he must also battle the same demons we all encounter doubt regret loss and failure The Midlife Crisis of Commander Invincible turns a literary lens onto the world of comic book fantasy to reveal the challenges of simply being human *Five Alien Elves* Gregory Maguire,1998 The town of Hamlet has a very unusual Christmas when aliens crash land in a UFO escalating the competition between the rival clubs the Copycats and the Tattletales **Man and Brother Book 1: Man** Jessica Alter,2019-09-11 Volume II of the Cryptid series Man and Brother follows crypto biologist Kalyani Sharma on her race to preserve endangered cryptid species while negotiating the perils of a newly awakened world Protecting and preserving cryptid species is the life s work of crypto biologist Kalyani Sharma Things get complicated in the forests of the Pacific Northwest after she s discovered by a legend When the tables turn who will protect her *The De Facto Sasquatch (Book 2): Behavioral Patterns and Witness Accounts* Bobbie Short,2025-09-25 What happens when 30 years of serious research reveals that everything we thought we knew about Sasquatch is wrong They re not hiding They re watching And what researcher Bobbie Short exposes after three decades of investigation will change how you see the wilderness forever The Mystery Deepens Why do experienced truckers report the same impossible behavior on remote highways What explains the mathematical precision found in their territorial markings And how do you account for

witnesses across the continent describing identical communication methods they couldn't possibly have coordinated. The answers lie buried in Short's unprecedented database of encounters but they're not the answers you expect. Questions That Will Haunt You: What does it mean when these creatures demonstrate knowledge that should be impossible for any undiscovered animal? Why do Native American accounts from centuries ago perfectly match modern witness reports? How do you explain documented cases of what appears to be revenge? What are the implications of the strategic behaviors Short uncovers? The Evidence You've Never Heard: Hidden within these pages are case studies that will make you question everything. The railroad engineer's 1950 encounter that reads like science fiction but comes with documentation. Strategic behaviors that suggest military level intelligence. Communication abilities that blur the line between animal and something else. Family dynamics that mirror our own in terrifying ways. A Warning to Readers: This isn't entertainment. Short's methodology is rigorous, her skepticism legendary, and her conclusions unsettling. She presents only what can be documented, cross-referenced, and verified. The patterns she uncovers suggest we may be dealing with something far more complex than a missing link. For Those Who Dare to Know: If you've ever felt watched in the wilderness, if you've heard sounds that didn't belong, if you've wondered what's really out there in North America's vast remote areas, this book contains answers. But once you know what Short discovered, you'll never look at a tree line the same way again. Some mysteries are better left unsolved. This isn't one of them. Based on the largest behavioral database ever compiled, featuring witness accounts that span decades and defy conventional explanation, what emerges from the data will challenge everything you thought you knew about what shares our continent. Are you prepared for what three decades of serious research reveals? Read at your own risk. **Once in a Blue Moon** R. S.
