The Of Shi Ji:

Literature and History in the Shi ji of Sima Qian Miyazaki Ichisada, 2025-01-03 This volume is a translated and edited collection of studies on the Shi ji Records of the historian by Sima Qian authored by the prestigious Japanese sinologist Miyazaki Ichisada. Providing a pathbreaking analysis of the structure and formation of the Shi ji, it serves not only as an excellent introduction to Sima Qian's masterpiece but also offers historiographical and methodological insights that will stimulate further debate and research. In this volume, Miyazaki presents fascinating evidence of the influence of narrative fiction and drama in Sima Qian's recreation of the entire length and breadth of Chinese history right up to his own time. By establishing a foundational model for writing comprehensive histories in China, Sima Qian's work is essential for understanding the subsequent tradition of historical writing. This volume offers readers valuable insights into how Sima Qian constructed his seminal work. A monument of Japanese scholarship on the Shi ji, Prof. Miyazaki Ichisada's work is the result of decades of meticulous research and original analysis by one of the giants of modern Japanese Sinology. Presented for the first time to readers of English through Prof. Joshua A. Fogel's fine and learned translation, the essays collected in this book not only provide compelling testimony to the groundbreaking quality of modern Japanese scholarship on the Shi ji but also offer a magisterial contribution to the growing body of new studies in English on Sima Qian's work as both history and literature.

Martin Kern, Joanna and Greg 84 P13 P18 Zeluck, Professor in Asian Studies, Princeton University. This translation of Prof. Miyazaki Ichisada's essays on the Shi ji is one of the most important studies of that history while also providing insights into Japanese Sinology of the late 20th century. He goes beyond modern Chinese and Western approaches to the Shi ji under the aegis of his theories about the rise of city states and the appearance of free men, arguing as that for Sima Qian the idea of a free man who dared to express himself regardless of the consequences was a personal ideal that shaped his view of his predecessors and their history.

William H. Nienhauser Jr., Halls Bascom Professor of Classical Chinese Literature, University of Wisconsin-Madison. Miyazaki Ichisada, a required reading in graduate school, is a pleasure to meet again through his enlightening essays on the Shi ji, which draws attention to several neglected features of China's greatest history: its innovative format, its likely inspiration from oral traditions of urban performance, and its cross-cultural significance. This translation of Miyazaki's work is bound to intrigue those new to the China field as well as seasoned professionals.

Michael Nylan, Professor Jane K. Sather, History Chair, University of California at Berkeley. The Sinitic Civilization Book II Hong Yuan, 2018-11-14. The Sinitic Civilization: A Factual History through the Lens of Archaeology, Bronzeware, Astronomy, Divination, Calendar, and the Annals. The book covered the time span of history of the Sinitic civilization from antiquity to the 3rd millennium B.C. to A.D. 85. A comprehensive review of history related to the Sinitic cosmological, astronomical, astrological, historical, divinatory, and geographical developments was given. All ancient Chinese calendars had been examined with the ancient thearch's dates examined from the perspective how they were forged or made up. Narrative Devices in the Shiji Lei Yang, 2024-04-01 Provides a new model for reading the Shiji and other early Chinese historical texts Narrative Devices in the Shiji Retelling the Past offers the first systematic analysis of narratives in early Chinese historical writings from 400 BCE to 100 CE with a focus on the Shiji Records of the Historian a vast collection of historical accounts completed by Sima Qian 145 86 BCE For centuries the dominant approach to the Shiji has been to infer Sima s intentions from his biographical experiences and subsequently project them back into the text This has caused the import of the work to be overshadowed by Sima s tragedy of castration and has minimized the question of how narrative as a form affects the text s interpretation Lei Yang fills the gap by exploring how Sima manipulated the Shiji s narrative structure to represent the past Drawing on Gérard Genette s narratological theories the book examines how sequences of events build causality what is slowed down and sped up to manage information control and how the text provides multiple perspectives on the same events Redefining the Shiji s place as a turning point in Chinese textual history Narrative Devices in the Shiji sheds light on the evolution of early Chinese historiography As an interdisciplinary dialogue between Chinese texts and the Western theories it opens the Shiji to new interpretations and provides a novel framework for Chinese historical writings

The Early Chinese Empires Mark Edward Lewis, 2010-10-30 In 221 BC the First Emperor of Qin unified what would become the heart of a Chinese empire whose major features would endure for two millennia In the first of a six volume series on the history of imperial China Lewis highlights the key challenges facing court officials and scholars who set about governing an empire of such scale and diversity

The Grand Scribe's Records, Volume VII Ssu-ma Ch'ien, 1995-01-22 An essential source for the study of events in early China a guide to the moral philosophy of the gentlemen of Han and a splendid work of literature which may be read for the pleasure of its style and the

power of its narrative This work makes Shi ji and its scholarship accessible to any reader of English and it is a model for any work in this field and style Bulletin of the School of Oriental and African Studies Through such work as this the scholarly and literary community of the West will learn more of the splendour and romance of early China and may better appreciate the lessons in humanity presented by its great historian Bulletin of the School of Oriental and African Studies Nienhauser s new translation is scrupulously scholarly the design of this series is nearly flawless the translation itself is very precise Chinese Literature Essays Articles Reviews This project will result in the first complete translation in nine volumes of the Shih chi The Grand Scribe s Records one of the most important narratives in traditional China Ssu ma Ch ien 145 c 86 B C who compiled the work is known as the Herodotus of China

The Legitimation of New Orders Yuansheng Liang,2007 The contributors to this collection offer seven case studies that treat different aspects of political and ritual legitimation in China and Europe over the past two millennia With a primary focus on crisis and change the contributors analyze how rulers and states work to produce a popular political consensus that accepts their rule

The Cambridge History of Ancient China Michael Loewe,Edward L. Shaughnessy,1999-03-13 The Cambridge History of Ancient China provides a survey of the cultural history of pre imperial China Fourteen leading specialists on early Chinese history and archaeology cover more than one thousand years There are two chapters for each time period Shang Western Zhou Spring and Autumn and Warring States one on institutional history based on both traditional and palaeographic literature and one on material culture based on archaeological evidence There are also chapters on the Neolithic background language intellectual history relations with Central Asia and the debts of both the Qin and Han empires to these earlier time periods Although written by specialists this Cambridge history aims to explain and describe pre imperial China to an audience that will include scholars and students as well as general readers without specialized knowledge of Chinese history It can be consulted as a work of reference or read continuously alone or as part of The Cambridge History of China series

The Flood Myths of Early China Mark Edward Lewis,2012-02-01 Early Chinese ideas about the construction of an ordered human space received narrative form in a set of stories dealing with the rescue of the world and its inhabitants from a universal flood This book demonstrates how early Chinese stories of the re creation of the world from a watery chaos provided principles underlying such fundamental units as the state lineage the married couple and even the human body These myths also supplied a charter for the major political and social institutions of Warring States 481 221 BC and early imperial 220 BC AD 220 China In some versions of the tales the flood was triggered by rebellion while other versions linked the taming of the flood with the creation of the institution of a lineage and still others linked the taming to the process in which the divided principles of the masculine and the feminine were joined in the married couple to produce an ordered household While availing themselves of earlier stories and of central religious rituals of the period these myths transformed earlier divinities or animal spirits into rulers or ministers and provided both etiologies and legitimation for the emerging political and social institutions that culminated in the creation of a

unitary empire *The Imperial Network in Ancient China* Maxim Korolkov, 2021-11-18 This book examines the emergence of imperial state in East Asia during the period ca 400 BCE 200 CE as a network based process showing how the geography of early interregional contacts south of the Yangzi River informed the directions of Sinitic state expansion Drawing from an extensive collection of sources including transmitted textual records archaeological evidence excavated legal manuscripts and archival documents from Liye this book demonstrates the breadth of human and material resources available to the empire builders of an early imperial network throughout southern East Asia from institutions and infrastructures to the relationships that facilitated circulation This network is shown to have been essential to the consolidation of Sinitic imperial rule in the sub tropical zone south of the Yangzi against formidable environmental epidemiological and logistical odds This is also the first study to explore how the interplay between an imperial network and alternative frameworks of long distance interaction in ancient East Asia shaped the political economic trajectory of the Sinitic world and its involvement in Eurasian globalization Contributing to debates around imperial state formation the applicability of world system models and the comparative study of empires *The Imperial Network in Ancient China* will be of significant interest to students and scholars of East Asian studies archaeology and history *Chang'an 26 BCE* Michael Nylan, Griet Vankeerberghen, 2014-12-01 During the last two centuries BCE the Western Han capital of Chang an near today's Xi'an in northwest China outshone Augustan Rome in several ways while administering comparable numbers of imperial subjects and equally vast territories At its grandest during the last fifty years or so before the collapse of the dynasty in 9 CE Chang'an boasted imperial libraries with thousands of documents on bamboo and silk in a city nearly three times the size of Rome and nearly four times larger than Alexandria Many reforms instituted in this capital in late Western Han substantially shaped not only the institutions of the Eastern Han 25-220 CE but also the rest of imperial China until 1911 Although thousands of studies document imperial Rome's glory until now no book length work in a Western language has been devoted to Han Chang'an the reign of Emperor Chengdi whose accomplishments rival those of Augustus and Hadrian or the city's impressive library project 26-6 BCE which ultimately produced the first state sponsored versions of many of the classics and masterworks that we hold in our hands today Chang'an 26 BCE addresses this deficiency using as a focal point the reign of Emperor Chengdi r. 33-7 BCE specifically the year in which the imperial library project began This in depth survey by some of the world's best scholars Chinese and Western explores the built environment sociopolitical transformations and leading figures of Chang'an making a strong case for the revision of historical assumptions about the two Han dynasties A multidisciplinary volume representing a wealth of scholarly perspectives the book draws on the established historical record and recent archaeological discoveries of thousands of tombs building foundations and remnants of walls and gates from Chang'an and its surrounding area *Conceiving the Empire* Fritz-Heiner Mutschler, Achim Mittag, 2008-11-13 The essays in *Conceiving the Empire* China and Rome Compared explore how the idea of empire arose and developed in the two most powerful polities in antiquity Extending its scope well

beyond the notions of tianxia All under Heaven in China and imperium in Rome the volume deals with the mental images of empire that emerged with the formation of political macro entities in the East and in the West Written by a team of experts in Sinology and Classical Studies Conceiving the Empire concentrates on the essential feature of the ancient Mediterranean and Chinese worlds the emergence of empire and the enduring influence of the imperial order
