Winning Fantasy Baseball :

The Perfect Game Larry Bodin, Dan Ostas, 2013-03 Fantasy baseball offers a game of strategy knowledge and organizational skill played by millions of people The Owner of a fantasy baseball team emulates the General Manager of a Major League MLB team Fantasy Owners select MLB players for their rosters add and release players and make trades with other Owners in their league In other words the Owner is the Boss of the team The Perfect Game A Guide to Winning Fantasy Baseball provides a guide to many of the key aspects of playing and winning fantasy baseball Part I presents the basic issues of organizing a league including the various scoring options roster makeups and performance categories that can be used Part II examines data sources and statistics such as the Average Draft Position Estimated Auction Price and Marginal Value of a Player that an Owner can use in preparing for their draft or auction Part III presents time tested strategies for selecting a team These include the Colton and Wolf SMART strategy the Bennett 6S strategy the Christian BC strategy the Sweeney Gambit and the bagging or punting of one or two categories Part IV examines the issues of managing a team during the season including a detailed discussion of the Free Agent Acquisition Budget FAAB strategies for making trades and the ethics of fantasy baseball As Glenn Colton wrote in the Foreword to this book The Perfect Game A Guide to Winning Fantasy Baseball should be on all fantasy sports player s bookshelves or in this day and age on their laptops and or smartphones Regardless of whether you are a beginner or a seasoned veteran this book has something for you Winning Fantasy Baseball Larry Schechter, 2014 Play smart Play to win Play like a champion The Winner's Guide to Fantasy Baseball Chris Lee, 2005-02-25 The Winners Guide in Fantasy Baseball is the most comprehensive guide on the market to one of Americas favorite hobbies Where are the best websites to find fantasy baseball information Which pre season publications are worth your dollar What should you look for in evaluating major and minor league players How do you value players for your league and adjust for draft inflation How should you react when your leagues draft isnt going your way The Winners Guide to Fantasy Baseball not only tackles these issues but walks you through the hows and whys of each so that owners learn to think for themselves If winning a league title is your ultimate goal this book will help get you there Understanding Fantasy Baseball - No Longer Just for Nerds Jason Johnson, 2015-02-11 Historically people that have had the most interest in fantasy baseball have been statistic junkies and lovers of baseball in general People who immerse themselves into spreadsheets and stare at computer screens to develop strategies have made a name for themselves in the industry With technological advancement in recent years however this is no longer the case Information is very accessible and easily compiled so that almost anyone can put together a team and compete in fantasy baseball with a reasonable amount of time research and luck It is not nearly as difficult to find player statistics trends reports or any other type of information that you need to succeed in your league When I began working on this book many people asked me why I was writing it What could this book offer that other published works didn t already talk about There is some truth to those questions There are plenty of available works

published that provide a tremendous amount of knowledge about fantasy baseball Reading other fantasy baseball articles and books myself I ve found that many of them while thorough tend to neglect the fundamentals They assume that any reader already has a good grasp of the basics While that often may be the case I believe it s critically important not only to know the basics but to completely understand how to use them to your advantage Having this book as a foundation you can then better understand some of the more complex topics sabermetrics drafting trading etc In this book I will provide insights into not only the basics of fantasy baseball but will also delve into complex strategies and statistical analysis to help you succeed In each section I will first present the topic and then discuss how understanding it in detail will help you as a fantasy baseball team owner I m certain that even savvy fantasy baseball players will be able to take away at least a few insights to improve their overall fantasy baseball experience In one section in particular Relative Draft Value I provide original self developed formulas and strategies that you simply can t get anywhere else I will be focusing primarily on season long leagues however I have also dedicated a section to daily games which have become extremely popular and deserve discussion In short this book will go into almost everything you need to know to start yourself down a path to fantasy baseball success
