The Book Of Knowledge I Am Alien:

The Book of Knowledge Roman Harambura, 2014-10-24 We all have questions Who actually built the pyramids What happens after we die Who created crop circles And why Nostradamus the Healer the Prophet the Man Cleopatra the women behind the legend Who actually controls humanity If Nikola Tesla was so important why is he so forgotten What is the purpose of life But who has the answers Without a doubt author Roman Harambura believes we hold the answers within our imagination the greatest gift of all The universe he explains is filled with life and human beings are not alone Earth our home is simply one planet in a sky filled with thousands of universes each with the potential to harbor life beyond our human ability to understand If we can simply come to accept and embrace the fact that we are just one small part of the inconceivably vast miracle of life across the stars our own world would change Imagination in Harambura's experience is our greatest gift In his The Book of Knowledge I Am Alien he shares an eclectic and thought provoking array of ideas to inspire engage and capture your imagination As expressed by a being known as Kuntarkis the hundreds of lessons insights and experiences within are intended to instigate your own questions and journey of discovery Kuntarkis also answers questions submitted by people from all over the world This book is highly recommended for those who are seeking a broader understanding not just about their own lives but life in all aspects

The Dream Assassin Volume (1) Roman Harambura, 2019-02-20 Humanity's Greatest Gift Imagination Roman expresses that we as humans have the ability to think by thought power as humans on this most precious Earth we each have the power within us to create through manifestation anything we choose simply by the power of our own thoughts Roman believes we are all thinking beings that every thought we each have has the possibilities of becoming our own reality be it negative thoughts or positive thoughts which in turn creates our personal existence either in a negative way or a positive way he says we are not in reality physical it only appears to be that way because we are so highly conditioned by our own beliefs systems we are in fact Living Energy in the making of becoming Living Consciousness The main reason he wrote and created his new book The Dream Assassin was to show all of humanity that Imagination is real and at the same time create magnificent imaginative magic that would not only bring awareness but ignite the true inner passion of every individual that reads this book but also to see the movie when it is created in the future to come As Albert Einstein the great Theoretical Physicist said on many occasions Reality is merely an Illusion all be it a very persistent one It's like saying just because you cannot touch something doesn't mean it is not real because it may be vibrating simply at another level of consciousness

With Engravings and Maps** John AYRE (Minister of St. John's Chapel, Hampstead.), 1866 **The Knowledge That Leads to Wholeness** Robert Lloyd, 2007-03-26 The Knowledge that Leads to Wholeness is the first book to specifically illustrate how the major Gnostic myths underlie Jung's theory of individuation It is a compelling and in depth examination of a life changing

journey that begins with the author discovering the forgotten secrets of the Gnostics These secrets are gradually unveiled as the author and his loyal dog Gold are initiated each in their own way to put the ancient knowledge into practice Dr Lloyd explores the esoteric side of Carl Jung and reveals the connections between Jungs pivotal theory of individuation i e the journey to wholeness and the powerful visionary myths told by the pioneers of the psyche the Gnostics He details what happens to a person who is on the road to wholeness how the person will change and how a new divine human identity will be born into the world as a result of undertaking this transformational odyssey KIRKUS DISCOVERIES Review Did Carl Jungs principles of psychology have Gnostic origins A Marine Corps Ph D explores the complex mystical possibilities Lloyd splits his expansive hypothesis of the souls journey into three vital steps preparation undertaking and re birth in discovering Jungs path to wholeness He credits Jung with saving his life by way of unlocking his imagination the souls voice and spiritual mindset The author familiarizes readers with the Gnostic religious movement practitioners of an intensely spiritual inner exploration who believed that humans are not bound to experiences solely of the body and mind His literary gift to Jung is these comparative ruminations all exuding a great amount of imagination and provocative thought Running parallel to the authors spiritually progressive interests is his adventuresome interaction with and imaginal dog named Gold who discovers two seeds of knowledge The first rediscovers the spark of divine life whereby humans are one and the same with God and the second amplifies Jungs individuation theory that the human ego must relate to the unconscious mind to achieve psychological health Unerringly throughout his narrative Lloyd grafts Gnostic myths with Jungian wisdom He focuses on the psychic creator and king of the material world Demiurge in association with second century Gnostic visionary Valentinus whose tragic myth of Sophia tells of a restless female deity who travels outside of herself searching for wholeness rather than looking inward and her ultimate repentance Comparatively Jung also writes of humans who restrict themselves to their five senses rather than tapping into the core strength of their imaginative visions where uncanny experiences might spring forth As Lloyd and Gold survey principles of higher consciousness the self the transformative life cycle process and the concluding Syrian lyrical myth Song of the Pearl as they are juxtaposed against Jungs theories the author also cites Gnostic challenges to contemporary religious beliefs as in the re imagined genesis of Jesus of Nazareth Most interestingly Lloyd inserts Jung into his narrative to quiz his arbiters as to whether they have the desire to discover the mystery of their existence Unfiltered hokum for some but those who are open to it will find much needed nourishment and direction for their searching souls Nielsen Business Media 770 Broadway New York NY 10003 646 654 7277 fax 646 654 4706 discoveries kirkusreviews com Visit www.robertcharleslloyd.com The Ancient Alien Question, 10th Anniversary Edition Philip Coppens, 2021-03 Analyzing historical and archaeological evidence Philip Coppens demonstrates that there is substantial proof that our ancestors were far more technologically advanced than in currently accepted and that certain cultures interacted with non human intelligences Our ancestors were clearly not alone Have we been visited by extraterrestrial beings Did these ancient
