Catalogue of Prints and Drawings in the British Museum British Museum,1761 **The Poetical Works of Robert Browning** Robert Inglesfield,2025-05-13 The English first edition of Dramatis Person was published in May 1864 with the American first edition appearing hard on its heels in the following September This was the second of the two great collections of Robert Browning s middle years the first Men and Women having appeared nine years previously The new collection with its inspired general title which Browning seems to have hit upon only weeks before the publication of the English first edition was certainly an extraordinary imaginative and technical achievement the poems are remarkable for their modernity of subject matter and close psychological interest as well as their assertive individuality of conception An outstanding feature is the inventive handling of tone as for example in Apparent Failure Browning seems to have regarded the collection very much as a continuation and development of Men and Women with its varied contrasting dramatic lyrics and dramatic argumentative poems As in the earlier collection the great majority of the poems are essentially dramatic in conception **British Theatre Between the Wars, 1918-1939** Clive Barker,Maggie B. M. Reynolds,2020-04-10 The Mysteries of London in 4 volumes is a penny blood classic There are many plots in the story but the overarching purpose is to reveal different facets of life in London from its seedy underbelly to its over indulgent and corrupt aristocrats The Mysteries of London are considered to be among the seminal works of the Victorian urban mysteries genre a style of sensational fiction which adapted elements of Gothic novels with their haunted castles innocent noble damsels in distress and nefarious villains to produce stories which instead emphasized the poverty crime and violence of a great metropolis complete with detailed and

often sympathetic descriptions of the lives of lower class lawbreakers and extensive glossaries of thieves cant all interwoven with a frank sexuality not usually found in popular fiction of the time **British Critic** ,1807 English Mechanic and Mirror of Science ,1894
