Winter Town, 2011-12-05 Looking forward to an annual visit from the best friend who moved away when her parents divorced straight laced Ivy League contender Evan is shocked by the changes in his friend who has dyed her hair black pierced her nose and assumed a perpetually irritated demeanor By the creator of Happyface **Teaching Comics**

Through Multiple Lenses Crag Hill, 2016-08-05 Building off the argument that comics succeed as literature rich complex narratives filled with compelling characters interrogating the thought provoking issues of our time this book argues that comics are an expressive medium whose moves structural and aesthetic may be shared by literature the visual arts and film but beyond this are a unique art form possessing qualities these other mediums do not Drawing from a range of current comics scholarship demonstrating this point this book explores the unique intelligence s of comics and how they expand the ways readers engage with the world in ways different than prose or film or other visual arts Written by teachers and scholars of comics for instructors this book bridges research and pedagogy providing instructors with models of critical readings around a variety of comics Literature for Young Adults Joan L. Knickerbocker, 2017-03-15 Young adults are actively

looking for anything that connects them with the changes happening in their lives and the books discussed throughout Literature for Young Adults have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they re reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters Literature for Young Adults includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book s discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading *I See Reality* Grace

Kendall, 2016-01-26 An anthology of twelve original short stories by top authors exploring real issues for real teens Through prose and comics alike these heart pounding short stories for young adults ask hard questions about a range of topics from sexuality and addiction to violence and immigration Here is the perfect tool for starting tough discussions or simply as an introduction to realistic literary fiction In turns funny thought provoking and heartbreaking I See Reality will resonate with today s teens long after the last page has been turned Contributing authors include Jay Clark Kristin Clark Heather Demetrios Stephen Emond Patrick Flores Scott Faith Hicks Trisha Leaver Kekla Magoon Marcella Pixley James Preller Jason
