Pop Culture in Language Education Valentin Werner, Friederike Tegge, 2020-11-23 Pop Culture in Language Education provides comprehensive insight on how studies of pop culture can inform language teaching and learning The volume offers a state of the art overview of empirically informed cutting edge research that tackles both theoretical concerns and practical implications The book focuses on how a diverse array of pop culture artifacts such as pop and rap music movies and TV series comics and cartoons fan fiction and video games can be exploited for the development of language skills It establishes the study of pop culture and its language as a serious subfield within language education and applied linguistics and explores how studies of pop culture its language and its non linguistic affordances can inform language education at various levels of proficiency and with various learner populations Presenting a broad range of quantitative and qualitative research approaches including case studies on how pop culture has been used successfully in language education in and beyond the classroom this book will be of great interest for academics researchers and students in the field of language education applied linguistics psycholinguistics and sociolinguistics as well as for language teachers and materials developers

Imagined Futures Max Saunders, 2019-10-22 This study provides the first substantial history and analysis of the To Day and To Tomorrow series of 110 books published by Kegan Paul Trench and Tr bner and E P Dutton in the USA from 1923 to 1931 in which writers chose a topic described its present and predicted its future Contributors included J B S Haldane Bertrand Russell Vernon Lee Robert Graves Vera Brittain Sylvia Pankhurst Hugh MacDiarmid James Jeans J D Bernal Winifred Holtby Andr Maurois and many others The study combines a comprehensive account of its interest history and range with a discussion of its key concerns tropes and influence The argument focuses on science and technology not only as the subject of many of the volumes but also as method especially through the paradigm of the human sciences applied to other disciplines and as a source of metaphors for representing other domains It also includes chapters on war technology cultural studies and literature and the arts This book aims to reinstate the series as a vital contribution to the writing of modernity and to reappraise modernism s relation to the future establishing a body of progressive writing which moves beyond the discourses of post Darwinian degeneration and post war disenchantment projecting human futures rather than mythic or classical pasts It also shows how as a co ordinated body of futurological writing the series is also revealing about the nature and practices of modern futurology itself
