The Chinese Social and Political Science Review, 1927 Has annual indexes

Understanding Political Science Research Methods Maryann Barakso, Daniel M. Sabet, Brian Schaffner, 2013-12-04 This text starts by explaining the fundamental goal of good political science research the ability to answer interesting and important questions by generating valid inferences about political phenomena Before the text even discusses the process of developing a research question the authors introduce the reader to what it means to make an inference and the different challenges that social scientists face when confronting this task Only with this ultimate goal in mind will students be able to ask appropriate questions conduct fruitful literature reviews select and execute the proper research design and critically evaluate the work of others The authors primary goal is to teach students to critically evaluate their own research designs and others and analyze the extent to which they overcome the classic challenges to making inference internal and external validity concerns omitted variable bias endogeneity measurement sampling and case selection errors and poor research questions or theory As such students will not only be better able to conduct political science research but they will also be more savvy consumers of the constant flow of causal assertions that they confront in scholarship in the media and in conversations with others Three themes run through Barakso Sabet and Schaffner s text minimizing classic research problems to making valid inferences effective presentation of research results and the nonlinear nature of the research process Throughout their academic years and later in their professional careers students will need to effectively convey various bits of information Presentation skills gleaned from this text will benefit students for a lifetime whether they continue in academia or in a professional career Several distinctive features make this book noteworthy A common set of examples threaded throughout the text give students a common ground across chapters and expose them to a broad range of subfields in the discipline Box features throughout the book illustrate the nonlinear non textbook reality of research demonstrate the often false inferences and poor social science in the way the popular press covers politics and encourage students to think about ethical issues at various stages of the research process

Annual Catalogue Rutgers College, Rutgers University, 1915 *Catalogue* Rutgers University, 1914 Political Science and Chinese Political Studies Sujian Guo, 2012-07-25 We have witnessed the substantial transformation of China studies particularly Chinese political studies in the past 30 years due to changes in China and its rising status in the world as

well as changes in our ways of conducting research As area studies specialists we are no longer isolated from the larger disciplines of Political Science and International Relations IR but an integral part of them This book contains theoretically innovative contributions by distinguished political scientists from inside and outside China who together offer up to date overviews of the state of the field of Chinese political studies combines empirical and normative researches as well as theoretical exploration and case studies explore the relationship between Western political science scholarship and contemporary Chinese political studies examine the logic and methods of political science and their scholarly application and most recent developments in the study of Chinese politics and discuss the hotly contested and debated issues in Chinese political studies such as universality and particularity regularity and diversity scientification and indigenization main problems challenges opportunities and directions for the disciplinary and intellectual development of Chinese political studies in the context of rising China

A Survey of Research in Political Science: Political system, 1979 Contributed articles **Historical and Patriotic Series**, 1910 Proceedings of the ... Meeting of the Alabama History Teachers Association Alabama History Teachers Association, 1915 **Proceedings of the ...** Alabama history teachers association, 1915 Publications of the Alabama State Department of Archives and History, 1910 *Government Lawyers* Cornell W. Clayton, 1995 For years many citizens have complained that our national government is fettered by legions of inefficient unaccountable feather nesting lawyers These critics might be right about the numbers there are nearly 40 000 lawyers employed by the federal government in every branch and at every level But most of these professionals fulfill functions that are essential to or extremely valuable in running the machinery of government In this volume Cornell Clayton and eight other authorities on public law and legal agencies explore the role that politics play in this federal legal bureaucracy especially within the executive branch They provide insights into the historical development present status future trends and interrelations among the offices of the Attorney General Solicitor General Special Prosecutor White House Legal Counsel Office of Legal Counsel and counsels in regulatory agencies like the EPA and the EEOC All the essays highlight a common theme the perpetual tensions and conflicts between executive branch politics and the profession s principled independence Readable and enlightening these essays add much to our understanding of and remove some of the tarnish from this elite corps of legal experts They should benefit anyone interested in the legal profession presidential politics administrative law public policy and bureaucratic politics in our nation s capital

The Information Sources of Political Science: Social sciences, political sciences, history, anthropology, sociology, psychology, economics, geography Frederick L. Holler, 1975 **The Cambridge Review**, 1885 Vols 1 26 include a supplement The University pulpit vols 1 26 no 1 661 which has separate pagination but is indexed in the main vol **Research Guide for Undergraduates in Political Science** Carl Kalvelage, Morley Segal, Peter Joseph Anderson, 1972 **Political Science** Henry E. York, 1990
