Meyer, 2010-10-14 In 1960 *To Kill a Mockingbird* was published to critical acclaim To commemorate *To Kill a Mockingbird*'s 50th anniversary Michael J Meyer has assembled a collection of new essays that celebrate this enduring work of American literature These essays approach the novel from educational legal social and thematic perspectives Harper Lee's only novel won the Pulitzer Prize and was transformed into a beloved film starring Gregory Peck as Atticus Finch An American classic that frequently appears in middle school and high school curriculums the novel has been subjected to criticism for its subject matter and language Still relevant and meaningful *To Kill a Mockingbird* has nonetheless been under appreciated by many critics There are few books that address Lee's novel's contribution to the American canon and still fewer that offer insights that can be used by teachers and by students These essays suggest that author Harper Lee deserves more credit for skillfully shaping a masterpiece that not only addresses the problems of the 1930s but also helps its readers see the problems and prejudices the world faces today Intended for high school and undergraduate usage as well as for teachers planning to use *To Kill a Mockingbird* in their classrooms this collection will be a valuable resource for all teachers of American literature

McKinley, 2020-05-01 Focusing on three South African communities the authors dismiss the idea that some groups are voiceless arguing that they are being deliberately ignored by dominant news media The dominant news media are often accused of reflecting an elite bias privileging and foregrounding the interests of a small segment of society while ignoring the narratives of the majority The authors of Tell Our Story investigate this problem and offer a hands on

demonstration of listening journalism and research in practice In the process they dismiss the idea that some groups are voiceless arguing that what is often described in such terms is mostly a matter of those groups being deliberately ignored Focusing their attention on three very different South African communities they delve into the life and struggle narratives of each exposing the divide between the stories told by the people who actually live in the communities and the way in which those stories have been understood and shaped by the media The three communities are those living in the Glebelands hostel complex in Durban where over 100 residents have been killed in politically motivated violence in the past few years the Xolobeni community on the Wild Coast which has been resisting the building of a new toll road and a dune mining venture and Thembelihle a settlement south west of Johannesburg that has been resisting removal for many years The book concludes with a set of practical guidelines for journalists on the practice of listening journalism **Jet**, 1991-12-09 The
