realities of exile from the Pulitzer Prize winning author of *The Return* Quite possibly Hisham Matar's best work yet Very few writers alive can converse with negative space the way Matar does and *My Friends* is stunning beautiful proof Omar El Akkad Scotiabank Giller Prize winning author of *What Strange Paradise* The trick time plays is to lull us into the belief that everything lasts forever and although nothing does we continue inside our dream One evening as a young boy growing up in Benghazi Khaled hears a bizarre short story read aloud on the radio about a man being eaten alive by a cat and has the sense that his life has been changed forever Obsessed by the power of those words and by their enigmatic author Hosam Zowa Khaled eventually embarks on a journey that will take him far from home to pursue a life of the mind at the University of Edinburgh There thrust into an open society that is miles away from the world he knew in Libya Khaled begins to change He attends a protest against the Qaddafi regime in London only to watch it explode into tragedy In a flash Khaled finds himself injured clinging to life unable to leave Britain much less return to the country of his birth To even tell his mother and father back home what he has done on tapped phone lines would expose them to danger When a chance encounter in a hotel brings Khaled face to face with Hosam Zowa the author of the fateful short story he is subsumed into the deepest friendship of his life It is a friendship that not only sustains him but eventually forces him as the Arab Spring erupts to confront agonizing tensions between revolution and safety family and exile and how to define his own sense of self against those closest to him A devastating meditation on friendship and family and the ways in which time tests and frays those bonds *My Friends* is an achingly beautiful work of literature by an author working at the peak of his powers *Some of My Friends Are*. Deborah Plummer, 2019-01-22 Examines why it's difficult to form friendships with people of different races how we can make those connections and how they will encourage more meaningful conversations about race Surveys have shown that the majority of people believe cross racial friendships are essential for improving race relations However further polling reveals that most Americans tend to gravitate toward friendships within their own race Psychologist Deborah L Plummer examines how factors such as leisure politics humor faith social media and education influence the nature and intensity of cross racial friendships Inspiring and engaging Plummer draws from focus groups statistics and surveys to provide insight into the fears and discomforts associated with cross racial friendships Through personal narratives and social analyses of friendship patterns this book gives an insightful look at how cross racial friendships work and fail within American society Plummer encourages all of us to examine our friendship patterns and to deepen and strengthen our current cross racial friendships **O My Friends, There is No Friend** Matt Hern, Am Johal, 2024-01-05 Can friendship as a political practice offer enough traction to imagine a borderless world The startling contemporary rise in aggressive ethno nationalism and end times ecological crises have the same root an inability to be together with humans as much as the natural world Matt Hern and Am Johal suggest that porous renditions of being together animated by friendship can spark a repoliticization of the political to surpass the foreclosures of the state speak to a freedom of movement and find renovated relationships with the more than human This
