Taken By Cops Her Erotic Group Encounter:

Deadly Encounters Barbara Smith,1994-07-01 Quiet pleasant communities sparkling under the clear blue skies of Alberta have witnessed bloody murders and violent mayhem From a wide variety of accounts Babara Smith has selected eight intriguing stories that will astound and amaze you Mystery still surrounds the fate of pro golfer Frank Willey who disappeared in 1962 Two men were convicted of his murder but his body has never been found No suspect however was ever found in the case of MaryAnn Plett The pretty young real estate agent disappeared after going to show a property to a client but some skeletal remains were discovered seven months later In 1948 a family could hardly have guessed that their newly purchased home would come complete with a corpse and in another case Winnie Wanner s bathroom was found splattered with blood Although her estranged husband was seen leaving the apartment with a suspiciously large bag Winnie vanished from the face of the earth These chilling tales previously little known outside Alberta also include matters of greed rum running shoot outs and hostages They will be every bit as fascinating to the crime buff as those found anywhere *Police Files: The Spokane Experience 1853-1995* M. Encounters in the Rubble Erica J. Lansberg,2025-08-12 The US occupation of Germany after World War II was a time in which encounters between American soldiers and young German civilians were especially ubiquitous Overall German children and youth played a fundamental role in the US occupation impacting both personal and political relations Using a blend of sources ranging from German children s diaries to official US military records this work provides a wide reaching examination of the youngest civilians under occupation in the postwar aftermath of the Nazi regime It centers on the personal experiences of both German children and American military personnel during the occupation and also examines the ways that young Germans impacted transatlantic policies especially in the context of the emerging Cold War including during the Berlin Airlift This work thus considers the youngest members of the occupied German population as important historical actors during a time of major transition from war to peace marked by encounters made in the rubble
