The Assimilation Edward Winterhalder, Wil De Clercq, 2021-08-29 In the early 1990s Maurice Mom Boucher and his fellow Montreal Hells Angels reputedly the most ruthless and vicious bikers in the world subdued all comers except the tough as nails members of the Rock Machine Founded by Salvatore Cazzetta an ex friend of Boucher the Rock Machine had every intention of standing up against the Hells Angels Seven years of bloody conflict which left over 160 people dead and countless injured was the result Heavily outnumbered the Rock Machine appealed to the worldwide Bandidos Motorcycle Club who rivaled the Hells Angels in terms of membership and strength In January 2000 the Rock Machine ceased to exist and became a probationary Bandidos chapter the first to be established on Canadian soil Biker

Edward Winterhalder was assigned by the Bandidos to coordinate the transition. Although the stage had been set for an end to the biker war and a positive outcome for all, it was anything but. Starting with the arrest and unsuccessful deportation proceedings of Winterhalder by the Canadian authorities, more intrigue, assassinations, and double crosses followed. Winterhalder found himself in a situation even he found impossible to control. In *The Assimilation*, Winterhalder, in collaboration with author Wil De Clercq, recalls his life and times as an outlaw biker, his personal involvement in the creation of the Quebec Bandidos, his friendship with the key players who made it happen, and his eventual disillusionment with and exit from the Bandidos Nation.

Life Cycles - A London bike courier decided to cycle around the world. 169 days later, he came back with a world record. Julian Sayerer, 2014-06-05 Julian Sayerer grew up riding a bicycle. Working as a bike courier in London, he learned the world record for a circumnavigation by bike had been broken, and that cycling into the sunset had been bought by banks and big business. Determined to do things differently, Julian set out to take back the record for the people. *Life Cycles* is his story of that record riding 110 miles every 24 hours for 6 months on only 88¢ a day, a route through jungles, snow, and 20 different countries. He found himself stranded without money in the deserts of Kazakhstan, held up by insurrections in northwest China, and sleeping under motorway bridges in America's Deep South. Taken by life on the road and a spirit of adventure, he loved every minute of it. A tale of excitement and world politics by bicycle, travelling at 12mph, Julian found that the Tartars of Central Asia aren't so different to the trailer families of Louisiana. This book is a reminder that the world is out there and it's waiting for us. This is a very inspiring tale that says a lot about the human race, its hopes and expectations, and there is even a bit about the bicycle, especially spoke breakages. Mike Burrows, Designer of Chris Boardman's 1992 Olympic winning bicycle.
