The Newsom Nightmare John H. Cox,2023-11-14 In a time when American politics is at its lowest ebb and when political leadership is notably absent across the ideological spectrum one politician stands apart as a particularly unfortunate exemplar of everything that is wrong with our national leadership Gavin Newsom In this detailed and infuriating expos of how big money has corrupted the political process at every level of society businessman and philanthropist John Cox uses Newsom s career to analyze how and why the system operates as it does Politicians are bought and paid for by moneyed interests media coverage is determined first and foremost by financial concerns and the average citizen is fully disenfranchised from determining electoral or policy outcomes And nowhere is this more evident with tragic results than in Gavin Newsom s collapsing California The cost of living is out of control a homelessness epidemic is on the rise there s a shortage of housing water and energy crime rates are at an all time high wildfires cause devastation at alarming rates each year and high taxes make it nearly impossible to start a small business We re beginning to see these trends spread throughout the United States As the old saying goes as goes California so goes the nation Our system must be reformed This book doesn t just lay out the problems it posits a workable and easy to implement solution that will work to get this country and California back on track In The Newsom Nightmare Cox deftly and succinctly provides an alternative that would if implemented put the American body politic back on solid ground
