Caribbean and Latinx Street Art in Miami Jana Evans Braziel,2024-02-29 This study focuses on street art and large scale murals in metropolitan Miami Dade County while also foregrounding the diasporic and aesthetic interventions made by migrant and second generation artists whose families hail from the Caribbean and Latin America Jana Evans Braziel argues that Caribbean and Latinx street artists define and visually mark the city of Miami as a diasporic transnational urban space These artists also help define Miami as a cosmopolitan city yet one that is also a distinctly Caribbean and Latinx urban space and simultaneously resist but also at times reluctantly participate in the forces of gentrification and urban re development particularly through the myriad and complex ways in which street art contributes to city branding and art tourism The book will be of interest to scholars working in art history urban studies American studies and Latin American Caribbean studies
