Woodley of Menie, 2018-12-20 We are becoming less intelligent This is the shocking yet fascinating message of *At Our Wits' End* The authors take us on a journey through the growing body of evidence that we are significantly less intelligent now than we were a hundred years ago The research proving this is at once profoundly thought provoking highly controversial and it s currently only read by academics But the authors are passionate that it cannot remain ensconced in the ivory tower any longer With *At Our Wits' End* they present the first ever popular scientific book on this crucially important issue They prove that intelligence which is strongly genetic was increasing up until the breakthrough of the Industrial Revolution because we were subject to the rigors of Darwinian Selection meaning that lots of surviving children was the preserve of the cleverest But since then they show

intelligence has gone into rapid decline because large families are increasingly the preserve of the least intelligent The book explores how this change has occurred and crucially what its consequences will be for the future Can we find a way of reversing the decline of our IQ Or will we witness the collapse of civilization and the rise of a new Dark Age **The Abortion Act 1967** Sally Sheldon, Gayle Davis, Jane O'Neill, Clare Parker, 2022-11-17 Biography of the Abortion Act exploring how it was shaped by and shaped a changing UK **Britain's Conservative Right since 1945** Kevin Hickson, 2019-10-23 Winner of the Political Studies Association Conservatism Studies Group prize 2020 This book provides a detailed analysis of the evolution of the Conservative Right in Great Britain since 1945 It first explores the movement's core ideas and highlights points of tension between its different strands The book then proceeds with a thematically structured discussion The Conservative Right's views on the decline and fall of the British Empire immigration control European integration the British constitution the territorial integrity of the United Kingdom Britain's economy the welfare state and social morality and social change are all explored In the concluding chapter the author evaluates the extent to which the Conservative Right has succeeded in its core objectives since 1945 and addresses how it can best respond to a contemporary Britain in which it instinctively feels uncomfortable The book is based on extensive elite interviews and archival research and will be of interest to anyone who seeks to place the contemporary Conservative Right in a greater historical context **The Weakest Link Quiz Book** BBC Studios, 2025-10-23 THE BUMPER QUIZ BOOK BASED ON THE HIT TV SERIES AND LET'S PLAY THE WEAKEST LINK AT HOME Everyone's favourite game of general knowledge and clever strategy is now an up to date quiz book with over 3000 questions Work as a team to build up money in tricky trivia rounds but don't forget to bank or one wrong answer could cost you a fortune Now the real fun begins Who's got more brains than a neurosurgeon and who thinks Julius Caesar invented a salad dressing Look around at your teammates it's time to vote off The Weakest Link With testing questions strategic gameplay and a healthy dose of competitive instinct bring the thrill of one of TV's best loved quiz shows to your next games night May The Strongest Link win **The Autobiography and Correspondence of Mrs. Delaney, Rev. from Lady Llanover's Edition** Mrs. Delany (Mary), 1882 **Micro-Memoirs Made Simple** Sam Choo, Micro Memoirs Made Simple Crafting Your Life Story in Small Moments is a game changer for anyone looking to capture the essence of their life in bite sized powerful pieces This comprehensive guide takes you on a journey from understanding the art of micro memoirs to mastering advanced techniques that will make your brief stories resonate with readers Packed with practical advice inspiring examples and hands on exercises this book helps you Distill pivotal moments into compelling narratives Find your unique voice and style Navigate the digital landscape to share your stories Transform personal anecdotes into universal truths Whether you're a seasoned writer or a beginner Micro Memoirs Made Simple offers the tools and inspiration to turn your life's small moments into lasting literary gems Discover the power of concise storytelling and join the micro memoir revolution today Perfect for Aspiring memoirists Bloggers and social media enthusiasts Creative writing
